CLASSIFICATIO Policy: All facilities will develop and implement a system classification system will ensure that each detainee is place	accordin	ig to whi		
from detainees in other categories	Y	N.	NA .	Remarks
The facility has a system for classifying detainees. In CDFs and IGSAs, an Objective Classification System or similar is used.				
 The facility classification system includes: Classifying detainees upon arrival. Separating individuals who cannot be classified upon arrival from the general population. The first-line supervisor or designated classification specialist reviewing every classification decision. 				
The intake/processing officer reviews work-folders, A- files, etc., to identify and classify each new arrival.				
Staff use only information that is factual, and reliable to determine classification assignments. Opinions and unsubstantiated/ unconfirmed reports may be filed but are not used to score detainees classifications.				
Housing assignments are based on classification- level.				· · ·
A detainee's classification-level does not affect his/her recreation opportunities. Detainees recreate with persons of similar classification designations.				Č.
Detainee work assignments are based upon classification designations.				Dalayan e
The classification process includes reassessment/reclassification. For IGSA's detainees may request reassessment between 45 and 60 days after arrival. For CDF's detainees are re-assessed approximately every 60 days.				Major Riley reviews all request for reclassification
The classification system includes standard procedures for processing new arrivals' appeals. Only a designated supervisor or classification specialist has the authority to reduce a classification-level on appeal.				Major Riley or Warden Bergeron can approve changes to classification level
Classification appeals are resolved within five business days and detainees are notified of the outcome within 10 business days.				Usually resolved within one to two days
Classification designations may be appealed to a higher authority such as the Warden or equivalent.	\boxtimes			
The Detainee Handbook or equivalent for IGSAs explains the classification levels, with the conditions and restrictions applicable to each.

FOOD SET Policy: Every facility will provide detainees in its care accordance with the highest sanitary standards.	with nu		petizing meals, prepared in Remarks
Components The food service program is under the direct supervision of a <u>professionally trained</u> and certified service administrator. Responsibilities of cooks and cook foremen are in writing. The Food Service Administrator (FSA) determines the responsibilities of the Food Service Staff.		N	Food Service is under the supervision of Deputy Manual, who has 30 years experience as cook foreman for off-shore rigs
The Cook Foreman is on duty on days when the FSA is off duty and vice versa.			
 The FSA provides food service employees with training that specifically addresses detainee-related issues. In ICE Facilities this includes a review of the ICE "Food Service" standard 			Training provided by cook foreman.
Knife cabinets close with an approved locking device and the on-duty cook foreman maintains control of the key that locks the device.			
All knives not in a secure cutting room are physically secured to the workstation and staff directly supervise detainees using knives at these workstations. Staff monitor the condition of knives and dining utensils			
Special procedures (when necessary) govern the handling of food items that pose a security threat.			
Operating procedures include daily searches (shakedowns) of detainee work areas.			
The FSA monitor staffs implementation of the facility's population counts procedures. Staff are trained in counts procedures.			i i i i
The detainees assigned to the food service department look neat and clean. Their clothing and grooming comply with the "Food Service" standard.			
The FSA annually reviews detainee-volunteer job descriptions to ensure they are accurate and up-to-date.			
The Cook Foreman or equivalent instructs newly assigned detainee workers in the rules and procedures of the food service department.			
 During orientation and training session(s), the CS explains and demonstrates: Safe work practices and methods. Safety features of individual products/ pieces of equipment. Training covers the safe handling of hazardous material[s] the detainee are likely to encounter in their work. 	⊠		
The Cook Foreman documents all training in individual detainee detention files.			
Detainees at CDFs are paid in accordance with the "Voluntary Work Program" standard. Detainee workers at IGSAs are subject to local and State rules and regulations regarding detainee pay.			Volunteer workers only, not paid.

FOOD SERVICE						
Policy: Every facility will provide detainees in its care	e with: n	utritious	and ap	petizing meals, prepared in		
accordance with the highest sanitary standards.	Y	N	NA	Remarks		
Detainees are served at least two hot meals every day. No more than 14 hours elapse between the last meal served and the first meal of the following day.				6:00 - 6:15am Breakfast 11:30am - 1:00pm - lunch 6:15pm - 7:30pm dinner		
For cafeteria style operations, a transparent "sneeze guard" protects both the serving line and salad bar line.				No serving line, trays delivered through slot		
The facility has a standard 35-day menu cycle. IGSAs use a 35 day or similar system for rotating meals.						
The FSA or facility considers the ethnic diversity of the facility's detainee population when developing menu cycles. (Provide examples)						
A registered dietitian conducts a complete nutritional analysis of every master-cycle menu planned.						
The FSA has established procedures to ensure that items on the master-cycle menu are prepared and presented according to approved recipes.						
 The Cook Foreman has the authority to change menu items if necessary. If yes, documenting each substitution, along with its justification With copy to FSA 				Only with approval from the Warden.		
All staff and volunteers know and adhere to written "food preparation" procedures.						
Detainees whose religious beliefs require the adherence to particular religious dietary laws are referred to the Chaplain or FSA.						
 A common-fare menu available to detainees whose dietary requirements cannot be met on the main. Changes to the planned common-fare menu can be made at the facility level. Hot entrees are offered three times a week. The common-fare menus satisfy nutritional recommended daily allowances (RDAs). Staff routinely provides hot water for instant beverages and foods. Common-fare meals are served with: Disposable plates and utensils. Staff use separate cutting boards, knives, spoons, scoops, etc., to prepare the common-fare diet items. 						
A supervisor at the command level must approve a detainee's removal from the Common-Fare Program.						
The Warden, in conjunction with the chaplain and/or local religious leaders, provide the FSA a schedule of the ceremonial meals for the following calendar year.	Ø					

FOOD SEP Policy: Every facility will provide detainees in its care		untious	and ap	elizing meals, prepared in

 The common-fare program accommodates detainees abstaining from particular foods or fasting for religious purposes at prescribed times of the year. Muslims fasting during Ramadan receive their meals after sundown. Jews who observe Passover but do not participate in the Common-Fare Program receive the same Kosher-for- Passover meals as those who do participate. Main-line offerings include one meatless meal (lunch or dinner) on Ash Wednesday and Fridays during Lent. 				
The food service program addresses medical diets.				
satellite-feeding programs follow guidelines for proper sanitation.				
Hot and cold foods are maintained at the prescribed, "safe" temperature(s) as served.				
All meals provided in nutritionally adequate portions.				
Food is not used to punish or reward detainees based upon behavior.				
 The food service staff instructs detainee volunteers on: Personal cleanliness and hygiene; Sanitary techniques for preparing, storing, and serving food, and; The sanitary operation, care, and maintenance of equipment. 				
Everyone working in the food service department complies with food safety and sanitation requirements.	\boxtimes			
Standard operating procedures include weekly inspections of all food service areas, including dining and food-preparation areas and equipment. • who conducts the inspections?				:
Equipment is inspected for compliance with health and safety codes and regulations. When was the most recent inspection? Which agency conducted the inspection? 				09/18/2006 Dept of Health Certified for 2006-2007
Reports of discrepancies are forwarded to the Warden or designated department head and corrective action is scheduled and completed.				No discrepencies were noted on report
Standard procedure includes checking and documenting temperatures of all dishwashing machines after each meal.				
Staff documents the results of every refrigerator/ freezer temperature check.				
The cleaning schedule for each food service area is conspicuously posted.				Workers know to clean kitchen after each meal
Procedures include inspecting all incoming food shipments for damage, contamination, and pest infestation.

 The Administrative Segregation unit provides non-punitive protection from the general population and individuals undergoing disciplinary segregation. Detainees are placed in the SMU (administrative) in accordance with written criteria. 	Ø						
 In exigent circumstances, staff may place a detainee in the SMU (administrative) before a written order has been approved. A copy of the order given to the detainee within 24 hours. 							
 The OIC (or equivalent) regularly reviews the status of detainees in administrative detention. A supervisory officer conducts a review within 72 hours of the detainee's placement in the SMU (administrative). 				Usually reviewed within 48 hours			
 A supervisory officer conducts another review after the detainee has spent seven days in administrative segregation. Every week thereafter for the first month. Every 30 days after the first month. Does each review include an interview with the detainee. Is a written record made of the decision and the justification. 							
 The detainee is given a copy of the decision and justification for each review. The detainee is given an opportunity to appeal the reviewer's decision to someone else in the facility. 							
 The OIC (or equivalent) routinely notifies the Field Office Director (or staff officer in charge of IGSAs) any time a detainee's stay in administrative detention exceeds 30 days. Upon notification that the detainee's administrative segregation has exceeded 60 days, the FD forwards written notice to HQ Field Operations Branch Chief for DRO. 							
 The OIC or equivalent) reviews the case of every detainee who objects to administrative segregation after 30 days in the SMU. A written record is made of the decision and the justification. The detainee receives a copy of this record. 	⊠						
The detainee is given the right to appeal to the OIC (or equivalent) the conclusions and recommendations of any review conducted after the detainee has remained in administrative segregation for seven consecutive days.

Transporting officers comply with applicable local, state, and federal motor vehicle laws and regulations. Records support this finding of compliance.				
Every transporting officer required to drive a commercial size bus has a valid Commercial Driver's License (CDL) issued by the state of employment.				
Supervisors maintain records for each vehicle operator.				
 Officers use a checklist during every vehicle inspection. Officers report deficiencies affecting operability. Deficiencies are corrected before the vehicle goes back into service. 				
 Transporting officers: Limit driving time to 10 hours in any 15 hour period. Drive only after eight consecutive off-duty hours. Do not receive transportation assignments after having been on duty, in any capacity, for 15 hours. Drive a 50-hour maximum in a given work week; a 70-hour maximum during eight consecutive days. During emergency conditions (including bad weather), officers may drive as long as necessary and safe to reach a safe area-exceeding the 10-hour limit. 				
 Two officers with valid CDLs required in any bus transporting detainees. When buses travel in tandem with detainees, there two qualified officers per vehicle. An unaccompanied driver transport an empty vehicle. 				
Before the start of each detail, the vehicle is thoroughly searched.				z.
Positive identification of all detainees being transported is confirmed.				
All detainees are searched immediately prior to boarding the vehicle by staff controlling the bus or vehicle.				
The facility ensures that the number of detainees transported does not exceed the vehicles manufacturers occupancy level.				
Protective vests are provided to all transporting officers.				
 The vehicle crew conducts a visual count once all passengers are on board and seated. Additional visual counts are made whenever the vehicle makes a scheduled or unscheduled stop.

SUBJECT:

FROM:

Pine Prairie Correctional Center Annual Detention Review

On October 24-25, 2006, an annual review was conducted for the Pine Prairie Correctional Center located within the New Orleans Field Office. This review was performed under the supervision of (b)(6). (b)(7)c and (b)(6). (b)(7)c Immigration Enforcement Agent assisted the RIC in this review. The facility is used for detainees requiring housing more than seventy-two (72) hours.

Type of Review:

This review is a scheduled Operational Review to determine general compliance with established Immigration and Customs Enforcement (ICE) National Detention Standards.

Review Findings:

No DHS Standards have been identified as overall deficient.

RIC Observations:

During the review no constraints or difficulties were encountered. The administrative and correctional staff was prepared for this review and readily produced the necessary documentation to satisfy the components within each standard.

Detention Review Summar Report Page 2

2005 Review Findings:

During the 2005 review, the facility advised the review team there was pending litigation against a former employee. In August 2006, he was convicted for the offense of civil rights violation, tampering with a witness, and he is now serving a criminal sentence with the Federal Bureau of Prisons.

Best Practice:

The facility has developed a practice of creating a spiral bound monthly report to support quality assurance. The report displays hard copies of various inspections for fire and health, food service, recreation, funds and personal property, tool control, telephone service, environmental safety, and building maintenance. It also reveals issues relating to staff meetings, employee performance, daily activities, population counts, education programs, law library, disciplinary reports, food costs, security, commissary, medical and mental health issues. The administration and correctional staff determined these reports reveal areas that require special attention, therefore enhancing daily operations.

Recommended Rating and Justification:

It is the Reviewer-in-Charge recommendation that the facility receive a rating of "Good".

RIC Assurance Statement:

All findings of this review have been documented on Form G-324A and are supported by the written documentation contained in the review file.

Significant Incident Summary Worksheet

For ICE to complete its review of your facility, the following information <u>must be completed</u> prior to the scheduled review dates. The information on this form should contain data for the past twelve months in the boxes provided. The information on this form is used in conjunction with the ICE Detention Standards in assessing your Detention Operations against the needs of the ICE and its detained population. This form should be filled out by the facility prior to the start of any inspection. Failure to complete this section will result in a delay in processing this report and the possible reduction or removal of ICE' detainees at your facility.

Pine Prairie Correctional Center Annual Review

The annual review of the Pine Prairie Correctional Center conducted October 24-25, 2006 in Pine Prairie, Louisiana has been received. A final rating of Acceptable has been assigned.

The rating was based on the Reviewer-In-Charge (RIC) Summary Memorandum and supporting documentation. The Field Office Director must remedy the deficiencies in the RIC Memorandum, and initiate the following actions in accordance with the Detention Management Control Program (DMCP):

- 1) The Field Office Director, Detention and Removal Operations, shall notify the facility within five business days of receipt of this memorandum. Notification shall include copies of the Form G-324B, Detention Facility Review Form, the G-324B Worksheet, RIC Summary Memorandum, and a copy of this memorandum.
- 2) The Field Office Director is responsible for ensuring that the facility responds to all findings and a Plan of Action is submitted to the Review Authority (RA) within 30 days.
- 3) The RA will advise the Field Office Director once the Plan of Action is approved.
- 4) Once a Plan of Action is approved, the Field Office Director shall schedule and followup on the above noted deficiencies within 90 days.
