#### **PREFACE**

The Compensation Board is pleased to present the fifteenth annual Jail Cost Report in accordance with the provisions of Chapter 806, Item 75, Paragraph K. of the 2013 Virginia Acts of Assembly. The report presents known expenditures and revenues related to Virginia's operating jails and jail farms. The report also includes a brief profile of each facility. As directed by the General Assembly, we have reported on inmate canteen and other auxiliary inmate accounts activity. The financial information and statements presented in the report for each jail are certified for accuracy by the respective Sheriff/Regional Jail/Jail Farm Superintendent and Chief Financial Officer/Chairman.

Total costs related to Virginia's jails decreased to \$869.2 million in FY 2012, up from \$829.6 million in FY 2011. The average daily population (ADP) in Virginia Jails increased to 29,192 inmates from FY11's ADP of 28,287.

Inmate costs per day vary widely throughout the state. Some of the factors that contribute to this variation may include jail size, age, capacity utilization, location, inmate programs and management practices. This year's report shows that approximately 68.8% of the daily operating costs are attributable to personal services. For each facility, we show the number of Compensation Board funded positions (8,060 for FY 2012) and note whether the locality supplements the Compensation Board's funded salaries for jail personnel. We also note the number of locally funded positions for each jail, if any. (1,277 for FY 2012)

The Commonwealth's percentage of costs funded (as a percentage of expenditures) for Virginia's jails decreased to 35.6% in FY 2012 (36.1% for 2011). Commonwealth Construction Reimbursements increased to \$8.7 million in FY 2012 from \$5.7 million in FY 2011. The localities' funding percent increased to 54.1%, from 52.4% in FY 2011.

The report shows \$48.3 million in Federal Funding received by jails. Federal funding accounted for 5.6% of all funding provided to Virginia's jails in FY 2012, compared to 6.1% in FY 2011. Funding from "Other" sources accounted for 5.0% of all FY 2012 funding provided to Virginia's jails, compared to 5.4% in FY 2011.

Compensation Board staff would like to express their appreciation for the cooperation they received from Sheriffs, Regional Jail and Jail Farm Superintendents and Finance/Budget staff in Virginia's cities and counties in compiling the data for this report.

Questions or comments regarding this report should be directed to Robyn M. de Socio, Executive Secretary for the Compensation Board, at (804) 225-3439 or via e-mail at <a href="mailto:robyn.desocio@scb.virginia.gov">robyn.desocio@scb.virginia.gov</a>.

#### **INTRODUCTION**

The FY 2012 Jail Cost Report is a compilation of revenue and expenditure data presented to show inmate cost per day and the percent of funding that the Commonwealth, Federal and Local governments, and other sources contribute to the operation of each jail. Debt service paid by the locality is also detailed as a separate item.

The 2013 Virginia Acts of Assembly, Item 75, Paragraph K., requires accounting for all inmate monies and the reporting thereof. Reported inmate monies include canteen, medical co-payments, telephone commissions, investment/interest and other inmate collections/work release revenues and expenditures.

During FY 2013, fifty-nine (59) local and regional jails and jail farms were able to send their FY 2012 information through the mail or electronically. During this time, Compensation Board staff conducted nine (9) on-site visits of local jails for the collection/verification of their respective data. As detailed on page 6, no new jails were added in fiscal year 2012, however two (Amherst & Appomattox) County jails were merged into Regional Jail Operations for Fy2012 reporting purposes.

Once Compensation Board staff determined that all revenues and expenses had been reported according to the Jail Cost Report specifications, the respective Sheriff/ Regional Jail/Jail Farm Superintendent and Chairman/Chief Financial Officer signed a certification attesting to the accuracy of the data presented (Appendix G).

#### **FY 2012 EXECUTIVE SUMMARY**

#### **Total Operating Costs**

The FY 2012 average operating cost per inmate per day increased to \$72.99, up \$0.51 from FY 2011. Jail operating costs per inmate day ranged from a low of \$34.08 at the Piedmont Regional Jail to a high of \$225.31 at the Loudoun County Jail.

The average daily population (ADP) for all jails increased by 1.0% in FY 2012 to 29,192. During FY 2012, 10.7 million inmate responsible days were incurred by Virginia jails.

Total expenditures (including capital costs) reported to house inmates in local and regional jails and jail farms in FY 2012 were \$869.2 million. The Compensation Board provided funding of \$300.4 million, with other state agencies providing an additional \$9.3 million, including grants and capital costs. Virginia's localities contributed \$470.6 million to their jails and jail farms (including debt service obligations) and an additional \$9.2 million to house inmates at other jurisdictions. The federal government provided funding of \$48.3 million in direct grants and per diems. Other funding, such as inmate telephone commissions, medical co-payments, and investment income/earned interest, contributed \$23.6 million. Work release funds generated by the inmates provided \$8.2 million. Funding received for out of state inmates was negligible. For FY 2012, the twenty-one regional jails showed net revenues exceeded expenditures by \$2.8 million, or \$0.51 per inmate day.

The Commonwealth's share of total expenditures decreased during FY 2012 to 35.6%. The Commonwealth's share of total expenditures ranged from a low of 12.5% for the Loudoun County Jail to a high of 68.1% for the Henry County Jail.

Average operating costs per inmate day for the northern region of Virginia continue to be the highest at \$97.64. The other regions of the state incurred costs substantially lower. The Central region was the next highest at \$69.44, followed by the Eastern region at \$68.85 and the Western region at \$67.27.

The locality's share of total expenditures ranged from a low of 11.72% for the Northern Neck Regional Jail to a high of 87.0% for the Loudoun County. Where the localities' share of expenditures includes "Other" funding sources (such as work release and other miscellaneous income) the average share for localities was 59.1%.

#### **Total Revenues**

Commonwealth construction funding in FY2012 for jail expansion totaled \$8.7 million. The bulk of the funding activity was related to Prince William/Manassas Regional and Patrick County Jails, which received \$3.1 million and \$2.7 million respectively. The Arlington County Jail and Chesapeake City Jail accounted for the remaining \$2.1 million and \$0.8 million respectively.

#### FY 2012 Executive Summary, continued

#### **Total Revenues, continued**

Fifty-one jails received Federal revenue of various types, totaling \$48.3 million (\$42.0 million in federal per diems, \$4.5 million in federal grants, and \$1.8 million in other federal funds). The Northern Neck Regional Jail and Piedmont Regional Jail received 59.8% and 52.7%, respectively in funding from federal sources. The average federal inmate revenue per diem received by all Virginia jails was \$65.35. The Commonwealth's overhead recovery program returned \$8.5 million to the general fund.

#### **Sheriff Operated Local Jail Costs**

During FY 2012 the local jails (43) incurred 5.3 million incarceration days, or 49.4% of the total for all Jails. Federal/Out of State inmate days accounted for 2.5% of the local jails' total. Operating costs per day for housing inmates in Sheriff-run local jails were \$85.97 (FY 2011, \$84.58) and total costs were \$92.25, or \$11.32 per day higher than the average of \$80.93 for all jails. On average, localities contributed 59.10% to their local jails' expenditures, compared to the statewide average locality contribution of 54.1% for all jails, excluding "Other" revenues.

#### **Regional Jail Costs**

Regional jails' operating costs were \$60.14 or \$12.85 lower per day than the statewide average of \$72.99. These jails are the newest in the state and are designed with additional capacity for future population growth. When debt service and long-term capital costs are included, the regional jails' total costs were \$11.02 per inmate day lower than the statewide average (\$69.91 per inmate day compared to \$80.93, respectively).

Regional jails were responsible for 5.3 million incarceration days, or 49.5% of the state's total inmate responsible days. With an ADP of 1,396 federal inmates, regional jails held 79.3% of the federal and out of state inmate population.

#### **Jail Farm Costs**

The state continues to partially fund the operation of two jail farms. Jail farms accounted for the remaining 1.1% of inmate responsible days. The jail farm average operating cost per inmate day was \$67.49, or \$5.50 a day lower than the state average of \$72.99 The jail farms incurred minimal capital expenditures/debt service costs during the year (\$0.13 per inmate day). As a result, total expenditures per inmate day were 67.62. The jail farms did not hold any federal inmates nor receive any federal funding.

#### FY 2012 Executive Summary, continued

#### **Additional Housing Costs Incurred at Other Localities**

For localities without a jail or membership in a regional jail, the City of Fairfax paid the highest amount at \$1.0 million for housing inmates at other locations, followed by the County of New Kent at \$0.7 million. For localities that operated a jail and/or were a member in a regional jail, Brunswick County paid the highest amount for housing inmates in other facilities (due to capacity limitations) at \$1.5 million, followed by Loudoun County at \$1.5 million.

#### **Canteen Fund & Other Inmate related Accounts**

Beginning with the collection of data for fiscal year 2002, a statement of revenues and expenses for inmate canteen accounts, telephone commission funds, inmate medical co-payment funds, and any other fees collected from inmates and investment/interest monies was required for inclusion in the Jail Cost Report.

Jails continue to employ three different operations and accounting approaches. Maintaining a canteen operation and fund continued to be the most used method. The funds are accounted for on a (1) Gross Basis - costs and revenues received for the items purchased were recorded; (2) Net Basis - a net commission was received for the sale of the item purchased; or (3) Canteen items directly purchased from a local vendor with no funds accounted for at Jail Level – the items purchased were charged directly to the inmates at cost. The individual jail's operating policy had a direct impact on the related size and amount of inmate canteen activity. Whether a jail sells tobacco products through the canteen, and how often inmates are allowed to make purchases, both greatly affect the funds reported.

Similarly, the other inmate related accounts, including Telephone Commissions, Inmate Medical Co-payments, and Work Release and Investment/Interest revenue, were recorded using different accounting approaches. Most of the jails deposited the revenues into either an inmate canteen fund or with the locality/fiscal agent's general fund. When these funds were maintained as separate accounts, their activities were reported by location in the Inmate Canteen and Other Auxiliary Funds Report found in Appendix D.

# SPECIFICATIONS FOR AUDITS OF COUNTIES, CITIES, AND TOWNS CHAPTER 2 AUDIT PROCEDURES

#### 2-1 General

This chapter contains required audit procedures for local government audits made pursuant to §15.2-2511 of the <u>Code of Virginia</u>. Chapter 3 contains additional procedures that localities agree to have performed, when they accept state grants, contracts or other state funding. The degree of testing on these state compliance issues may depend on the terms of the state law, agreement or other requirements of the program.

Auditors should be thoroughly familiar with this chapter before planning and performing the audit and should incorporate these considerations into the auditor's plan and programs. The procedures contained in this chapter do not constitute an audit in accordance with *Government Auditing Standards*. The auditor should perform such additional procedures, as he deems necessary to satisfy those standards.

Where appropriate, the auditor must meet the requirement of the Single Audit Act Amendments of 1996 and United States Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments and Non-Profit Organization*.

No manual defining audit specifications can meet all the present and future needs of local governments or their auditors. Changes will be needed as new accounting and auditing pronouncements and/or as problems emerge. The Auditor of Public Accounts will periodically update these specifications as changes occur. However, responsibility for complying with professional standards remains with the auditor and the auditor should follow all new pronouncements.

#### **Audit Specifications - General - Continue**

The auditor should familiarize himself with Virginia local governments including internal control and compliance issues. Available informational resources are provided in Chapter 1.

**Requirement:** The auditor must document in the working papers the justification for changing specifically required audit procedures

#### **Background Information:**

Most local correctional facilities, including jails, offer canteen services to their inmates. Facilities use various methods to sell these items to inmates, depending on the size of the facility and the number of times each week canteen services are offered. Any profits from the canteen operations must benefit the inmates in the custody of the Sheriff or Regional Jail Superintendent.

Some Sheriffs also receive funds from other sources directly related to jail operations. These include telephone commissions, inmate medical copayments, work release and other fees collected from inmates.

The inmate canteen accounts and telephone commissions are public funds. The <u>Code of Virginia</u> requires that these funds be used within the jail facility for purposes to benefit the inmates. The funds should not be used for the sheriff's personal gain or convenience.

Some jails have established work release and medical treatment programs where inmates contribute to the costs. Inmate co-payments for medical services are a set fee that covers only a portion of the costs of the services. The medical co-payments should directly off set the costs for medical programs.

#### <u>Audit Specifications - Inmate Canteen - Continued</u>

Annually the Compensation Board prepares a Jail Cost Report on jail revenue and expenditure data from all local and regional jails and jail farms that receive funds from the Compensation Board. Beginning with the collection of data for fiscal year 2002, the jails must include an audited statement of revenues and expenses for inmate canteen accounts, telephone commission funds, inmate medical co-payment funds, any other fees collected from inmates, and investment/interest monies for inclusion in the report.

See additional information on the Compensation Board internet site at <a href="http://www.scb.virginia.gov">http://www.scb.virginia.gov</a>; follow the link for Publications and Forms (Jail Canteen Funding Audit Information).

#### <u> Allowability Requirement – Inmate Canteen Accounts</u>

In accordance with Section 53.1-127.1, the inmate canteen account profits are required to be used for purposes to benefit the inmates under the jurisdiction of the Sheriff or Regional Jail Superintendent. Allowable expenses include:

• Commissary-services, supplies, furnishings, equipment, training. Also, personnel services for time spent directly guarding or working in the commissary. [Note: these are all direct costs of the canteen.]

The profits from the inmate canteen should not be used to fund the normal operations of the jail. They may be used for:

- Education & Recreation services, supplies, equipment, furnishings, training.
- Library-services, supplies, furnishings, equipment, books, magazines, periodicals, newspapers.
- Indigent Inmate Care-stamps, clothing, personal hygiene items, vision, dental, medical, commissary items.

#### • Audit Specifications - Inmate Canteen - Continued

•

- Inmate care/programs-safety equipment, workforce clothing, workforce tools, laundry equipment, supplies, hygiene items, medical equipment.
- Special Food Service-special meals or food items associated with holidays and/or specific events/occasions.
- Special Counseling/Pastoral Care-services, supplies, equipment, furnishings, training.

The above allowable expenses are not considered all inclusive and funds should not be used for goods or services that can be provided to the jail at no cost. Additional expenses may be approved at the sole discretion of the Sheriff/Regional Jail Superintendent, provided that the expense is for the care and welfare of inmates. No expense shall be for the personal gain, benefit, consumption or use of any individual other than jail inmates.

#### <u>Allowability Requirement – Telephone Commissions</u>

Commissions on inmate telephone calls preferably go directly to the local treasurer and are used to defray the cost of the jail operations. In some localities, the commissions are received directly by the Sheriff and are included in the canteen proceeds accounts. The allowable costs for telephone commissions that are received in the inmate canteen account are described above.

#### Allowability Requirement – Inmate Medical Co-payment Funds

The inmate medical co-payment funds should directly off set the costs for medical programs.

Allowability Requirement – Other Inmate Fees (Work Release, RAID and HEM monies) and Investment/Interest Monies

All fees collected from inmates and all interest earned on inmate accounts must be used for the benefit of the inmates or deposited with the Treasurer and used to defray the cost of jail operations.

#### • Audit Specifications - Inmate Canteen - Continued

- The auditor must obtain the Jail Canteen Fund Activity Report for the fiscal year under audit and perform the following:
- Agree the revenue and expense amounts from the Jail Canteen Fund Activity to the accounting ledger.
- Select a sample of disbursement transactions from the inmate canteen accounts. For each transaction selected, determine whether the disbursement benefited the inmates based on the allowable costs described above.
- Select a sample of inmate medical co-payment fees. Trace each fee to the general ledger to determine whether it defrayed the inmate medical program costs.
- Select a sample of other fees collected from inmates, and investment/interest monies. For each transaction selected, determine whether the disbursement benefited the inmates.
