24a. Please describe the ways in which you believe the training, instruction or guidance was inadequate:

I/we was/were not familiarized with military or OGA protocols/parameters. In other words it would have been helpful to know the other agencies rules and procedures so we could have been able to identify what conduct crossed the line. We knew our own procedures and adhered to them and assumed they were the same as the procedures we would use in the US. AS OSC I reminded the staff of this expectation at intervals. We simply had no frame of reference for other agencies.

25. (Optional) In what ways can the FBI improve training on this subject for future deployments or assignments?

A full and thorough session of interview protocols for the FBI personnel during overseas deployments and additional training on other agency protocols. More training on operating with the military in a military/war-zone environment.
