Said security post assignment schedule shall include designation of critical posts. The Contractor shall submit Post Orders and a security post assignment roster for the prior written approval of the State.
- A.5.e.3) If the State determines at any time that the staffing pattern and/or security post assignment schedule is inadequate, the Contractor agrees to place additional employees at the Facility and/or revise and implement the revisions to its staffing pattern and security post assignment. If Contractor is required to increase staff, it may request an adjustment in the per diem pursuant to Section C.11.
- A.5.e.4) Any revisions to the staffing pattern and/or security post assignment require the prior written approval of the State. Contractor shall submit monthly staffing reports on or before the fifth (5th) of each month describing for the preceding month whether and to what extent Contractor has complied with the staffing pattern, security post assignment, and monthly post assignment. Staffing patterns are determined by security and program requirements and associated workloads. If changed circumstances modify those requirements or workloads the Contractor and/or the State will review those changed circumstances and a formal review will determine any changes in staffing requirements at the sole discretion of the State.
- A.5.f. Job Descriptions.
- A.5.f.1) Contractor shall abide by the written job descriptions for each position in the staffing pattern as provided in the Proposal, including but not limited to job title, responsibility and required minimum experience and education.
- A.5.f.2) Any revisions or modifications of the job descriptions require the prior written approval of the State.
- A.5.g. Personnel Records. A personnel record shall be maintained for each employee at the Facility which at a minimum shall contain the following: application, background investigation, dates of employment, training, performance evaluations, and disciplinary actions. The Contractor shall obtain a signed statement from each employee authorizing the State to have access to the personnel record.

- A.5.h. Staffing Reports. On or before the fifth (5th) day of each month, Contractor shall submit a report to the Liaison providing the following information:
- A.5.h.1) the number of employees hired, indicating position, the date of termination and the date the position was vacated;

 - A.5.h.3) whether any position on the staffing pattern was vacant and for how many days.
- A.5.i. Reduction in Staff.
- A.5.i.1) Contractor shall immediately notify the Liaison if any positions on the staffing pattern are vacant.
 - A.5.i.2) If a position described in subsection 1) remains vacant in excess of the time allowed in A.5.d, then the State shall have the option of exercising the remedies available in Section E.4.
- A.5.j. Background Checks.
- A.5.j.1) Prior to employment with Contractor, applicants shall be subjected to a thorough background investigation, including criminal, employment, and medical histories. The background investigation for applicants for correctional officer positions shall also include psychological history, and such applicants shall be required to be certified by a qualified mental health professional as being free from any disorder as described in the current edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association that would, in the professional judgment of the examiner, impair the subject's ability to perform any essential function of the job or would cause the applicant to pose a direct threat to safety. Employment histories must go back a minimum of five (5) years. All criminal background checks shall be completed by TDOC without charge to the Contractor.
 - A.5.j.2) A Security Addendum required by Title 28, Code of Federal Regulations Part 20, is appended hereto as Appendix F and incorporated by reference herein.
- A.5.k. Hiring Preference. Department employees who have been laid off shall also be given a hiring preference in the staffing of the Facility according to T.C.A. 41-24-101, *et seq.*, and shall comply with T.C.A. Sections 41-24-112 and 41-24-113 in all respects, as those sections may be modified or amended in the future. Background checks (reference A.5.j.) provided by TDOC may be used for any former TDOC correctional officers with less than one year's lapse of service.
- A.5.l. State Assistance.
- A.5.l.1) During the term of the Contract, Contractor shall send a representative(s) to participate in periodic meetings regarding Departmental activities and shall send a representative(s) to sessions in which relevant policy modifications are being discussed or presented.
 - A.5.l.2) Contractor shall receive written notice of the time, place and agenda of the meetings or sessions described in subsection 1) at the same time Department employees are provided notice.
 - A.5.l.3) Said meetings or sessions shall be held within the State, and Contractor shall bear any and all expense associated with its representative(s) being present.
 - A.5.l.4) The Department shall supply Contractor with technical assistance, consultation and informational support consistent with that provided other comparable institutions in accordance with the Standards provided, however, said support shall consist solely of advice and consultation.
- A.5.m. Training. Contractor shall provide training programs for all employees in accordance with the Standards. All costs incurred for said orientation and training programs shall be borne by Contractor. The Contractor's employees shall receive at least the same number of hours of orientation, pre-service, and in-service training as required by ACA Standards.
- The Liaison shall be permitted to review training curricula and other training-related records and to audit training classes at any time.

- A.5.n. Drug Free Work Force. Contractor shall at all times maintain a drug free work force and shall implement the plan contained in its Proposal for maintenance of a drug free work force and the employee assistance program described in its Proposal.

B. CONTRACT TERM:

- B.1. Contract Term. This Contract shall be effective for the period commencing on July 1, 2007, and ending on June 30, 2010. The State shall have no obligation for services rendered by the Contractor which are not performed within the specified period.
- B.2. Term Extension. The State reserves the right to extend this Contract for an additional two-year period, provided that the State notifies the Contractor in writing of its intention to do so on or before March 1, 2010. An extension of the term of this Contract will be effected through an amendment to the Contract. If the extension of the Contract necessitates additional funding beyond that which was included in the original Contract, the increase in the State’s maximum liability will also be effected through an amendment to the Contract and shall be based upon rates provided for in the original contract.

C. PAYMENT TERMS AND CONDITIONS:

- C.1. Maximum Liability. In no event shall the maximum liability of the State under this Contract exceed **seventy four million six hundred eighty seven thousand dollars (\$74,687,000)**. The Payment Rates in Section C.3 shall constitute the entire compensation due the Contractor for the Service and all of the Contractor’s obligations hereunder regardless of the difficulty, materials or equipment required. The Payment Rates include, but are not limited to, all applicable taxes, fees, overheads, profit, and all other direct and indirect costs incurred or to be incurred by the Contractor.

The Contractor is not entitled to be paid the maximum liability for any period under the Contract or any extensions of the Contract for work not requested by the State. The maximum liability represents available funds for payment to the Contractor and does not guarantee payment of any such funds to the Contractor under this Contract unless the State requests work and the Contractor performs said work. In which case, the Contractor shall be paid in accordance with Payment Rates detailed in Section C.3. The State is under no obligation to request work from the Contractor in any specific dollar amounts or to request any work at all from the Contractor during any period of this Contract.

- C.2. Compensation Firm. The Service Rates and the Maximum Liability of the State under this Contract are firm for the duration of the Contract and are not subject to escalation for any reason unless amended.
- C.3. Payment Methodology. The Contractor shall be compensated based on the Service Rates herein for units of service authorized by the State in a total amount not to exceed the Contract Maximum Liability established in Section C.1. The Contractor’s compensation shall be contingent upon the satisfactory completion of units of service or project milestones defined in Section A. The Contractor shall be compensated based upon the following Service Rates:

<u>SERVICE</u>	<u>AMOUNT</u>
Incarceration Dollar Charge Per Inmate Per Day (Per Diem**) at the Facility for July 1, 2007 - June 30, 2008	\$39.60
Incarceration Dollar Charge Per Inmate Per Day (Per Diem**) at the Facility for July 1, 2008 - June 30, 2009	\$40.49
Incarceration Dollar Charge Per Inmate Per Day (Per Diem**) at the Facility for July 1, 2009 - June 30, 2010	\$41.40
Incarceration Dollar Charge Per Inmate Per Day (Per Diem**) at the Facility for July 1, 2010 - June 30, 2011*	\$42.33
Incarceration Dollar Charge Per Inmate Per Day (Per Diem**) at the Facility for July 1, 2011 - June 30, 2012*	\$43.29

* Rate would apply if this contract is extended by amendment.

** The Per Diem payment will be made only for Inmates actually incarcerated at the Facility, except Per Diem payment shall be made for any Inmate hospitalized at a non departmental facility during the period when the Contractor is responsible for said hospitalization expense. No Per Diem shall be paid for any Inmate out on court order. See definition of court orders at section A.1.

The Contractor shall submit monthly invoices, in form and substance acceptable to the State with all of the necessary supporting documentation, prior to any payment. Such invoices shall be submitted for completed units of service or project milestones for the amount stipulated.

- C.4. Travel Compensation. The Contractor shall not be compensated or reimbursed for travel, meals, or lodging.
- C.5. Payment of Invoice. The payment of the invoice by the State shall not prejudice the State's right to object to or question any invoice or matter in relation thereto. Such payment by the State shall neither be construed as acceptance of any part of the work or service provided nor as an approval of any of the amounts invoiced therein.
- C.6. Invoice Reductions. The Contractor's invoice shall be subject to reduction for amounts included in any invoice or payment theretofore made which are determined by the State, on the basis of audits conducted in accordance with the terms of this contract, not to constitute proper remuneration for compensable services.
- C.7. Deductions. The State reserves the right to deduct from amounts which are or shall become due and payable to the Contractor under this or any contract between the Contractor and the State of Tennessee any amounts which are or shall become due and payable to the State of Tennessee by the Contractor.
- C.8. Automatic Deposits. The Contractor shall complete and sign an "Authorization Agreement for Automatic Deposit (ACH Credits) Form." This form shall be provided to the Contractor by the State. Once this form has been completed and submitted to the State by the Contractor all payments to the Contractor, under this or any other contract the Contractor has with the State of Tennessee shall be made by Automated Clearing House (ACH). The Contractor shall not invoice the State for services until the Contractor has completed this form and submitted it to the State.
- C.9. Expansion. In the event the State exercises its right to construct additional buildings at the Facility and/or to expand the capacity of existing buildings at the Facility, the parties will negotiate a Per Diem Rate for such additional Inmates, it being the intent of the parties that the State will pay only the marginal costs for such additional Inmates. In no event shall negotiated marginal costs for additional Inmates exceed the rates in the Contractor's original proposal.
- C.10. Billing Disputes. If the amount to be paid to Contractor is disputed by the State, the State, on or before the date the invoice is payable, shall advise the Contractor of the basis for the dispute and, in the manner provided above, pay the amount of such invoice which is not in dispute.
- C.11. Compensation Adjustment for Change of Services.
- C.11.a. The parties recognize that each has entered into this Contract based upon the Standards in effect as of the Effective Date of the Contract. Contractor agrees to be bound by any applicable Standard change and said change shall not affect the validity of this Contract. If a change occurs in an applicable Standard other than as provided in subsection b) herein, either party may notify the other in writing if it is believed said change shall affect the services delivered by the Contractor. The Commissioner shall make the final, binding decision regarding whether a change has occurred in an applicable Standard and whether said change affects the services rendered by the Contractor. Any adjustment in compensation due the Contractor shall be determined in accordance with subsection d).
- C.11.b. If Contractor desires to make minor revisions to its Proposal which will not affect its ability to comply with the other Standards, the Contractor shall notify the Commissioner of said proposed revision in writing. Said minor revisions to the Proposal may occur only upon the prior written consent of the Commissioner. It shall be within the Commissioner's sole discretion whether or not to agree to said minor revision and his decision shall be binding. Any adjustment in compensation resulting from said minor revision shall be determined in accordance with subsection d). This provision is an exception to Sections E.38. and E.39.
- C.11.c. In the event Contractor may receive payments or compensation of any nature for services it is obligated to perform under this Contract from any source, including but not limited to federal, state or local authority, or any third party, other than the compensation described in this Contract, Contractor shall receive prior

written consent and direction from the State prior to receiving any such additional compensation. The State may withhold a comparable amount from any payments due the Contractor. In the event said additional compensation is used to provide enhanced or innovative services at the Facility as compared to the services provided by the Department at comparable facilities, Contractor must still receive prior written consent from the State prior to receiving said compensation before the Contractor may retain those funds. The Commissioner shall decide whether the funds will be used to provide enhanced or innovative services at the Facility.

C.11.d. Within thirty (30) days of the notices required in subsections a) through c) above, Contractor shall provide State with the proposed adjustment in compensation and appropriate documentation in support thereof. The Commissioner shall decide whether and to what extent an adjustment in Per Diem Rate is appropriate. In the event the proposed adjustment decreases the Per Diem Rate then the Commissioner may agree to reduce said Per Diem Rate, provided, however, in the event the proposed adjustment increases the Per Diem Rate then the Per Diem Rate may be increased only by amendment to this Contract as described in Section E.38.

C.12. Failure to Agree on Billing Dispute or for Additional or Reduced Services.

C.12.a. In the event Contractor disagrees with the State's failure to pay a disputed amount under Section C.10, disagrees with the adjustment in compensation determined by the Commissioner under Section C.11 or disagrees with any other aspect or amount of payment made by the State then the Contractor shall submit a claim and the grounds for said disagreement in writing to the Commissioner within thirty (30) days of the date the State either makes partial payment of the disputed bill or refuses disputed bill in its entirety. Failure of the Contractor to submit said claim and grounds to the Commissioner in writing within the time period described herein shall be an absolute waiver of said claim. The State shall be afforded a sixty (60) day period in which to review the claim and effect a cure or take reasonable steps to effect a cure, if it deems a cure appropriate.

C.12.b. In the event the Contractor timely provides the notice described in subsection a), then Contractor may file a claim against the State before the appropriate forum in Tennessee with jurisdiction to hear said claim. Failure by the Contractor to file a claim before the appropriate forum in Tennessee with jurisdiction to hear said claim within one (1) year of the notice described in subsection a) shall operate as a waiver of said claim in its entirety. It is agreed by the parties that this provision establishes a Contractual period of limitations for any claim brought by the Contractor. Neither this Section nor any other provision of this Contract creates or expands jurisdiction of any court or commission over the State.

D. STANDARD TERMS AND CONDITIONS:

- D.1. Required Approvals. The State is not bound by this Contract until it is approved by the appropriate State officials in accordance with applicable Tennessee State laws and regulations.
- D.2. Modification and Amendment. This Contract may be modified only by a written amendment executed by all parties hereto and approved by the appropriate Tennessee State officials in accordance with applicable Tennessee State laws and regulations.
- D.3. Termination for Convenience. The State may terminate this Contract without cause for any reason. Said termination shall not be deemed a Breach of Contract by the State. The State shall give the Contractor at least ninety (90) days written notice before the effective termination date. The Contractor shall be entitled to receive compensation for satisfactory, authorized service completed as of the termination date, but in no event shall the State be liable to the Contractor for compensation for any service which has not been rendered. Upon such termination, the Contractor shall have no right to any actual general, special, incidental, consequential, or any other damages whatsoever of any description or amount.
- D.4. Termination for Cause. If the Contractor fails to properly perform its obligations under this Contract in a timely or proper manner, or if the Contractor violates any terms of this Contract, the State shall have the right to immediately terminate the Contract and withhold payments in excess of fair compensation for completed services. Notwithstanding the above, the Contractor shall not be relieved of liability to the State for damages sustained by virtue of any breach of this Contract by the Contractor.
- D.5. Subcontracting. The Contractor shall not assign this Contract or enter into a subcontract for any of the services performed under this Contract without obtaining the prior written approval of the State. If such subcontracts are approved by the State, they shall contain, at a minimum, sections of this Contract pertaining to "Conflicts of Interest" and "Nondiscrimination" (sections D.6. and D.7.). Notwithstanding any use of approved subcontractors, the Contractor shall be the prime contractor and shall be responsible for all work performed.

- D.6. Conflicts of Interest. The Contractor warrants that no part of the total Contract Amount shall be paid directly or indirectly to an employee or official of the State of Tennessee as wages, compensation, or gifts in exchange for acting as an officer, agent, employee, subcontractor, or consultant to the Contractor in connection with any work contemplated or performed relative to this Contract.
- D.7. Nondiscrimination. The Contractor hereby agrees, warrants, and assures that no person shall be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of this Contract or in the employment practices of the Contractor on the grounds of disability, age, race, color, religion, sex, national origin, or any other classification protected by Federal, Tennessee State constitutional, or statutory law. The Contractor shall, upon request, show proof of such nondiscrimination and shall post in conspicuous places, available to all employees and applicants, notices of nondiscrimination.
- D.8. Prohibition of Illegal Immigrants. The requirements of Public Acts of 2006, Chapter Number 878, of the state of Tennessee, addressing the use of illegal immigrants in the performance of any contract to supply goods or services to the state of Tennessee, shall be a material provision of this Contract, a breach of which shall be grounds for monetary and other penalties, up to and including termination of this Contract.
- a. The Contractor hereby attests, certifies, warrants, and assures that the Contractor shall not knowingly utilize the services of an illegal immigrant in the performance of this Contract and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant in the performance of this Contract. The Contractor shall reaffirm this attestation, in writing, by submitting to the State a completed and signed copy of the document as Attachment 1, hereto, semi-annually during the period of this Contract. Such attestations shall be maintained by the contractor and made available to state officials upon request.
 - b. Prior to the use of any subcontractor in the performance of this Contract, and semi-annually thereafter, during the period of this Contract, the Contractor shall obtain and retain a current, written attestation that the subcontractor shall not knowingly utilize the services of an illegal immigrant to perform work relative to this Contract and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant to perform work relative to this Contract. Attestations obtained from such subcontractors shall be maintained by the contractor and made available to state officials upon request.
 - c. The Contractor shall maintain records for all personnel used in the performance of this Contract. Said records shall be subject to review and random inspection at any reasonable time upon reasonable notice by the State.
 - d. The Contractor understands and agrees that failure to comply with this section will be subject to the sanctions of Public Chapter 878 of 2006 for acts or omissions occurring after its effective date. This law requires the Commissioner of Finance and Administration to prohibit a contractor from contracting with, or submitting an offer, proposal, or bid to contract with the State of Tennessee to supply goods or services for a period of one year after a contractor is discovered to have knowingly used the services of illegal immigrants during the performance of this contract.
 - e. For purposes of this Contract, "illegal immigrant" shall be defined as any person who is not either a United States citizen, a Lawful Permanent Resident, or a person whose physical presence in the United States is authorized or allowed by the federal Department of Homeland Security and who, under federal immigration laws and/or regulations, is authorized to be employed in the U.S. or is otherwise authorized to provide services under the Contract.
- D.9. Records. The Contractor shall maintain documentation for all charges against the State under this Contract. The books, records, and documents of the Contractor, insofar as they relate to work performed or money received under this contract, shall be maintained for a period of three (3) full years from the date of the final payment and shall be subject to audit at any reasonable time and upon reasonable notice by the State, the Comptroller of the Treasury, or their duly appointed representatives. The financial statements shall be prepared in accordance with generally accepted accounting principles.
- D.10. Monitoring. The Contractor's activities conducted and records maintained pursuant to this Contract shall be subject to monitoring and evaluation by the State, the Comptroller of the Treasury, or their duly appointed representatives.
- D.11. Progress Reports. The Contractor shall submit brief, periodic, progress reports to the State as requested.
- D.12. Strict Performance. Failure by any party to this Contract to insist in any one or more cases upon the strict performance of any of the terms, covenants, conditions, or provisions of this Contract shall not be construed as a waiver or relinquishment of any such term, covenant, condition, or provision. No term or condition of this Contract shall be held to be waived, modified, or deleted except by a written amendment signed by the parties hereto.

- D.13. Independent Contractor. The parties hereto, in the performance of this Contract, shall not act as employees, partners, joint venturers, or associates of one another. It is expressly acknowledged by the parties hereto that such parties are independent contracting entities and that nothing in this Contract shall be construed to create an employer/employee relationship or to allow either to exercise control or direction over the manner or method by which the other transacts its business affairs or provides its usual services. The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party for any purpose whatsoever.
- The Contractor, being an independent contractor and not an employee of the State, agrees to carry adequate public liability and other appropriate forms of insurance, including adequate public liability and other appropriate forms of insurance on the Contractor's employees, and to pay all applicable taxes incident to this Contract.
- D.14. State Liability. The State shall have no liability except as specifically provided in this Contract.
- D.15. Force Majeure. The obligations of the parties to this contract are subject to prevention by causes beyond the parties' control that could not be avoided by the exercise of due care including, but not limited to, acts of God, riots, wars, strikes, epidemics or any other similar cause.
- D.16. State and Federal Compliance. The Contractor shall comply with all applicable State and Federal laws and regulations in the performance of this Contract.
- D.17. Governing Law. This Contract shall be governed by and construed in accordance with the laws of the State of Tennessee. The Contractor agrees that it will be subject to the exclusive jurisdiction of the courts of the State of Tennessee in actions that may arise under this Contract. The Contractor acknowledges and agrees that any rights or claims against the State of Tennessee or its employees hereunder, and any remedies arising there from, shall be subject to and limited to those rights and remedies, if any, available under **Tennessee Code Annotated**, Sections 9-8-101 through 9-8-407.
- D.18. Completeness. This Contract is complete and contains the entire understanding between the parties relating to the subject matter contained herein, including all the terms and conditions of the parties' agreement. This Contract supersedes any and all prior understandings, representations, negotiations, and agreements between the parties relating hereto, whether written or oral.
- D.19. Severability. If any terms and conditions of this Contract are held to be invalid or unenforceable as a matter of law, the other terms and conditions hereof shall not be affected thereby and shall remain in full force and effect. To this end, the terms and conditions of this Contract are declared severable.
- D.20. Headings. Section headings of this Contract are for reference purposes only and shall not be construed as part of this Contract.

- E.3. Subject to Funds Availability. The Contract is subject to the appropriation and availability of State and/or Federal funds. In the event that the funds are not appropriated or are otherwise unavailable, the State reserves the right to terminate the Contract upon written notice to the Contractor. Said termination shall not be deemed a breach of Contract by the State. Upon receipt of the written notice, the Contractor shall cease all work associated with the Contract. Should such an event occur, the Contractor shall be entitled to compensation for all satisfactory and authorized services completed as of the termination date. Upon such termination, the Contractor shall have no right to recover from the State any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount.
- E.4. Breach. A party shall be deemed to have breached the Contract if any of the following occurs:
- failure to perform in accordance with any term or provision of the Contract;
 - partial performance of any term or provision of the Contract;
 - any act prohibited or restricted by the Contract, or
 - violation of any warranty.

For purposes of this contract, these items shall hereinafter be referred to as a "Breach."

- a. Contractor Breach— The State shall notify Contractor in writing of a Breach.
- (1) In event of a Breach by Contractor, the state shall have available the remedy of Actual Damages and any other remedy available at law or equity.
 - (2) Liquidated Damages— In the event of a Breach, the State may assess Liquidated Damages. The State shall notify the Contractor of amounts to be assessed as Liquidated Damages. The parties agree that due to the complicated nature of the Contractor's obligations under this Contract it would be difficult to specifically designate a monetary amount for a Breach by Contractor as said amounts are likely to be uncertain and not easily proven. Contractor hereby represents and covenants it has carefully reviewed the Liquidated Damages contained in above referenced, **Appendix E** and agree that said amounts represent a reasonable relationship between the amount and what might reasonably be expected in the event of Breach, and are a reasonable estimate of the damages that would occur from a Breach. It is hereby agreed between the parties that the Liquidated Damages represent solely the damages and injuries sustained by the State in losing the benefit of the bargain with Contractor and do not include any injury or damage sustained by a third party. The Contractor agrees that the liquidated damage amount is in addition to any amounts Contractor may owe the State pursuant to the indemnity provision or other section of this Contract.

The State may continue to withhold the Liquidated Damages or a portion thereof until the Contractor cures the Breach, the State exercises its option to declare a Partial Default, or the State terminates the Contract. The State is not obligated to assess Liquidated Damages before availing itself of any other remedy. The State may choose to discontinue Liquidated Damages and avail itself of any other remedy available under this Contract or at law or equity; provided, however, Contractor shall receive a credit for said Liquidated Damages previously withheld except in the event of a Partial Default.
 - (3) Partial Default— In the event of a Breach, the State may declare a Partial Default. In which case, the State shall provide the Contractor written notice of: (1) the date which Contractor shall terminate providing the service associated with the Breach; and (2) the date the State will begin to provide the service associated with the Breach. Notwithstanding the foregoing, the State may revise the time periods contained in the notice written to the Contractor.

In the event the State declares a Partial Default, the State may withhold, together with any other damages associated with the Breach, from the amounts due the Contractor the greater of: (1) amounts which would be paid the Contractor to provide the defaulted service; or (2) the cost to the State of providing the defaulted service, whether said service is provided by the State or a third

party. To determine the amount the Contractor is being paid for any particular service, the Department shall be entitled to receive within five (5) days any requested material from Contractor. The State shall make the final and binding determination of said amount.

The State may assess Liquidated Damages against the Contractor for any failure to perform which ultimately results in a Partial Default with said Liquidated Damages to cease when said Partial Default is effective. Upon Partial Default, the Contractor shall have no right to recover from the State any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount. Contractor agrees to cooperate fully with the State in the event a Partial Default is taken.

- (4) **Contract Termination**— In the event of a Breach, the State may terminate the Contract immediately or in stages. The Contractor shall be notified of the termination in writing by the State. Said notice shall hereinafter be referred to as Termination Notice. The Termination Notice may specify either that the termination is to be effective immediately, on a date certain in the future, or that the Contractor shall cease operations under this Contract in stages. In the event of a termination, the State may withhold any amounts which may be due Contractor without waiver of any other remedy or damages available to the State at law or at equity. The Contractor shall be liable to the State for any and all damages incurred by the State and any and all expenses incurred by the State which exceed the amount the State would have paid Contractor under this Contract. Contractor agrees to cooperate with the State in the event of a Contract Termination or Partial Takeover.

- b. **State Breach**— In the event of a Breach of contract by the State, the Contractor shall notify the State in writing within 30 days of any Breach of contract by the State. Said notice shall contain a description of the Breach. Failure by the Contractor to provide said written notice shall operate as an absolute waiver by the Contractor of the State's Breach. In no event shall any Breach on the part of the State excuse the Contractor from full performance under this Contract. In the event of Breach by the State, the Contractor may avail itself of any remedy at law in the forum with appropriate jurisdiction; provided, however, failure by the Contractor to give the State written notice and opportunity to cure as described herein operates as a waiver of the State's Breach. Failure by the Contractor to file a claim before the appropriate forum in Tennessee with jurisdiction to hear such claim within one (1) year of the written notice of Breach shall operate as a waiver of said claim in its entirety. It is agreed by the parties this provision establishes a contractual period of limitations for any claim brought by the Contractor.

- E.5. **Partial Takeover.** The State may, at its convenience and without cause, exercise a partial takeover of any service which the Contractor is obligated to perform under this Contract, including but not limited to any service which is the subject of a subcontract between Contractor and a third party, although the Contractor is not in Breach (hereinafter referred to as "Partial Takeover"). Said Partial Takeover shall not be deemed a Breach of Contract by the State. Contractor shall be given at least 30 days prior written notice of said Partial Takeover with said notice to specify the area(s) of service the State will assume and the date of said assumption. Any Partial Takeover by the State shall not alter in any way Contractor's other obligations under this Contract. The State may withhold from amounts due the Contractor the amount the Contractor would have been paid to deliver the service as determined by the State. The amounts shall be withheld effective as of the date the State assumes the service. Upon Partial Takeover, the Contractor shall have no right to recover from the State any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount.

The Contractor shall obtain the required performance bond in form and substance acceptable to the State and provide it to the State no later than June 18, 2007. Failure to provide the performance bond prior to the deadline as required shall result in contract termination.

In lieu of a performance bond, a surety deposit, in the sum of five million dollars (\$5,000,000), may be substituted if approved by the State prior to its submittal.

- E.7. **Printing Authorization.** The Contractor agrees that no publication coming within the jurisdiction of **Tennessee Code Annotated**, Section 12-7-101, *et. seq.*, shall be printed unless a printing authorization number has been obtained and affixed as required by **Tennessee Code Annotated**, Section 12-7-103 (d).

- E.8. Competitive Procurements. This Contract provides for reimbursement of the cost of goods, materials, supplies, equipment, or services. Such procurements shall be made on a competitive basis, where practical.
- E.9. State Interest in Equipment—Uniform Commercial Code Security Agreement. The Contractor shall take legal title to all equipment and to all motor vehicles, hereinafter referred to as "equipment," purchased totally or in part with funds provided under this Contract, subject to the State's equitable interest therein, to the extent of its *pro rata* share, based upon the State's contribution to the purchase price. "Equipment" shall be defined as an article of nonexpendable, tangible, personal property having a useful life of more than one year and an acquisition cost which equals or exceeds \$5,000.00.

As authorized by the provisions of the terms of the Tennessee Uniform Commercial Code— Secured Transaction, found at Title 47, Chapter 9 of the *Tennessee Code Annotated*, and the provisions of the Tennessee Motor Vehicle Title and Registration Law, found at Title 55, Chapter 1 of the *Tennessee Code Annotated*, an intent of this Contract document and the parties hereto is to create and acknowledge a security interest in favor of the State in the equipment or motor vehicles acquired by the Contractor pursuant to the provisions of this Contract document. A further intent of this Contract document is to acknowledge and continue the security interest in favor of the State in the equipment or motor vehicles acquired by the Contractor pursuant to the provisions of this program's prior year Contracts between the State and the Contractor.

The Contractor hereto grants the State a security interest in said equipment. This agreement is intended to be a security agreement pursuant to the Uniform Commercial Code for any of the equipment herein specified which, under applicable law, may be subject to a security interest pursuant to the Uniform Commercial Code, and the Contractor hereby grants the State a security interest in said equipment. The Contractor agrees that the State may file this Contract or a reproduction thereof, in any appropriate office, as a financing statement for any of the equipment herein specified. Any reproduction of this or any other security agreement or financing statement shall be sufficient as a financing statement. In addition, the Contractor agrees to execute and deliver to the State, upon the State's request, any financing statements, as well as extensions, renewals, and amendments thereof, and reproduction of this Contract in such form as the State may require to perfect a security interest with respect to said equipment. The Contractor shall pay all costs of filing such financing statements and any extensions, renewals, amendments and releases thereof, and shall pay all reasonable costs and expenses of any record searches for financing statements the State may reasonably require. Without the prior written consent of the State, the Contractor shall not create or suffer to be created pursuant to the Uniform Commercial Code any other security interest in said equipment, including replacements and additions thereto. Upon the Contractor's breach of any covenant or agreement contained in this Contract, including the covenants to pay when due all sums secured by this Contract, the State shall have the remedies of a secured party under the Uniform Commercial Code and, at the State's option, may also invoke the remedies herein provided.

The Contractor agrees to be responsible for the accountability, maintenance, management, and inventory of all property purchased totally or in part with funds provided under this Contract. The Contractor shall maintain a perpetual inventory system for all equipment purchased with funds provided under this Contract and shall submit an inventory control report which must include, at a minimum, the following:

- a. Description of the equipment;
- b. Manufacturer's serial number or other identification number, when applicable;
- c. Consecutive inventory equipment tag identification;
- d. Acquisition date, cost, and check number;
- e. Percentage of state funds applied to the purchase;
- f. Location within the Contractor's operations where the equipment is used;
- g. Condition of the property or disposition date if Contractor no longer has possession;
- h. Depreciation method, if applicable; and
- i. Monthly depreciation amount, if applicable.

The Contractor shall tag equipment with an identification number which is cross referenced to the equipment item on the inventory control report. The Contractor shall inventory equipment annually. The Contractor must compare the results of the inventory with the inventory control report and investigate any differences. The Contractor must then adjust the inventory control report to reflect the results of the physical inventory and subsequent investigation.

The Contractor shall notify the State, in writing, of any equipment loss describing reason(s) for the loss. Should the equipment be destroyed, lost, or stolen, the Contractor shall be responsible to the State for the *pro rata* amount of the residual value at the time of loss based upon the State's original contribution to the purchase price.

The Contractor shall submit its inventory control report of all equipment purchased with the final invoice submitted under this Contract. This inventory control report shall contain, at a minimum, the requirements specified above for inventory control.

Upon termination of the Contract, where a further contractual relationship is not entered into, or at another time

during the term of the Contract, the Contractor shall request written approval from the State for any proposed disposition of equipment purchased pursuant to this Contract. All equipment shall be disposed of in such a manner as parties may agree from among alternatives approved by Tennessee Department of General Services and in accordance with any applicable federal laws or regulations.

- E.10. State Furnished Property. The Contractor shall be responsible for the correct use, maintenance, and protection of all articles of nonexpendable, tangible, personal property furnished by the State for the Contractor's temporary use under this Contract. Upon termination of this Contract, all property furnished shall be returned to the State in good order and condition as when received, reasonable use and wear thereof excepted. No federally appropriated funds have been paid or will be paid, by or on behalf of the Contractor, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, and entering into any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

All material and information, regardless of form, medium or method of communication, provided to the Contractor by the State or acquired by the Contractor on behalf of the State shall be regarded as confidential information in accordance with the provisions of applicable state and federal law, state and federal rules and regulations, departmental policy, and ethical standards. Such confidential information shall not be disclosed, and all necessary steps shall be taken by the Contractor to safeguard the confidentiality of such material or information in conformance with applicable state and federal law, state and federal rules and regulations, departmental policy, and ethical standards.

The Contractor's obligations under this section do not apply to information in the public domain; entering the public domain but not from a breach by the Contractor of this Contract; previously possessed by the Contractor without written obligations to the State to protect it; acquired by the Contractor without written restrictions against disclosure from a third party which, to the Contractor's knowledge, is free to disclose the information; independently developed by the Contractor without the use of the State's information; or, disclosed by the State to others without restrictions against disclosure. Nothing in this paragraph shall permit Contractor to disclose any information that is confidential

under federal or state law or regulations, regardless of whether it has been disclosed or made available to the Contractor due to intentional or negligent actions or inactions of agents of the State or third parties.

It is expressly understood and agreed the obligations set forth in this section shall survive the termination of this Contract.

- E.16. Public Accountability. If the Contractor is subject to *Tennessee Code Annotated*, Title 8, Chapter 4, Part 4 or if this Contract involves the provision of services to citizens by the Contractor on behalf of the State, the Contractor agrees to establish a system through which recipients of services may present grievances about the operation of the service program, and the Contractor shall display in a prominent place, located near the passageway through which the public enters in order to receive services pursuant to this contract, a sign at least twelve inches (12") in height and eighteen inches (18") in width stating:

- E.17. Environmental Tobacco Smoke. Pursuant to the provisions of the federal "Pro-Children Act of 1994" and the Tennessee "Children's Act for Clean Indoor Air of 1995," the Contractor shall prohibit smoking of tobacco products within any indoor premises in which services are provided pursuant to this Contract to individuals under the age of eighteen (18) years. The Contractor shall post "no smoking" signs in appropriate, permanent sites within such premises. This prohibition shall apply to and be made part of any subcontract related to this Contract.
- E.18. Hold Harmless. The Contractor agrees to indemnify and hold harmless the State of Tennessee as well as its officers, agents, and employees from and against any and all claims, liabilities, losses, and causes of action which may arise, accrue, or result to any person, firm, corporation, or other entity which may be injured or damaged as a result of acts, omissions, or negligence on the part of the Contractor, its employees, or any person acting for or on its or their behalf relating to this Contract. Accordingly and notwithstanding any provision of this Contract to the contrary, the Contractor agrees that if it is later determined that the true nature of the working relationship between the Contractor and the State under this Contract is that of "employee/employer" and not that of an independent contractor, the Contractor may be required to repay to TCRS the amount of retirement benefits the Contractor received from TCRS during the period of this Contract.
- E.20. Debarment and Suspension. The Contractor certifies, to the best of its knowledge and belief, that it and its principals:

The Contractor will be responsible for its own defense. The State will be liable for any judgment against it and the Contractor will be liable for any judgment against it. However, this subsection shall not apply if the claim in any way arises from Contractor's failure to appropriately implement policy.
- d. The Contractor agrees to send copies of any and all documents which have been filed in any lawsuit naming the Contractor and/or its employees in which concern the operation of the Facility under this Contract to the State.
- e. Contractor shall not waive, release, or otherwise forfeit any possible defense the State may have regarding claims arising from or made in connection with the operation of the Facility by Contractor without the consent of the State. The Commissioner shall determine whether any action or proposed action violates the provisions of this Section.

Appendix D - Insurance

State of Tennessee Department of Correction General Insurance Specifications

Insurance Company Eligibility

Proposals will be accepted from Bidders whose insurance companies are authorized to do business in the State of Tennessee, having a Best's Rating of "A" or better, and a financial size of "Class VII" or better, in the latest edition of Best's Insurance Reports. Any requested deviation from this requirement must be included in the Written Comments. See Section 2 of the RFP Schedule of Events for the Written Comments timeline. Such request will be addressed in the form of an Amendment to the RFP. Any non-admitted insurer must be on the current approved list of the Tennessee Department of Insurance. This list can be accessed by going to:

www.state.tn.us/commerce/insurance/surpluslines.html and clicking on the bullet point titled "List of Surplus Line Insurers."

Contractor and Insurance Company Services Required

The following list of required minimum services must be provided by the successful Contractor's insurance agent and/or by the insurance company(ies):

1. Qualified loss control personnel, either employees or qualified independent contractors, must make inspections of the insured locations for loss prevention purposes for third party and employee exposures. If an independent contractor is used, that organization must be identified in the proposal.
2. A quarterly status of all claims occurring with respect to worker's compensation, general liability, and business automobile liability insurance must be submitted to the State of Tennessee, Department of Correction. These reports must include at least the following information:
 - a. Amount of claim paid and/or reserved;
 - b. Claimant information; and
 - c. Cause and description of accident.
3. The Contractor must prepare an annual listing of all State of Tennessee, Department of Correction, insurance policies involved with this project including a discussion of the coverage provided and the estimated annual cost of each policy.
4. At least thirty (30) days prior to each policy anniversary date, the Contractor must provide State of Tennessee, Department of Correction, with renewal information, including estimated renewal premiums and suggested coverage changes.
5. The Contractor must provide constant monitoring of all companies providing coverage for State of Tennessee, Department of Correction, to ensure that the carriers are financially sound.
6. The Contractor must furnish continuing advice and counsel to the State of Tennessee, Department of Correction, as required.
7. The Contractor must provide notification of any material changes in the financial status of insurers providing coverage related to this facility including but not limited to downgrades from ratings agencies, mergers, acquisitions, or actions by insurance regulators of the State of Tennessee, other states, or federal authorities.
8. The Contractor must provide notification of any changes in the insurance carriers providing coverage.

Specimen Policies

Proposals will be accepted only if accompanied by specimen policies, showing all terms, conditions and exclusions as well as rates to be used for audit purposes. Blank forms are acceptable provided that all rates are shown for auditable exposures. Rates may be shown either on the policies or on a separate page.

Cancellation/Non-Renewal

Unless otherwise instructed, all policies shall be endorsed with an agreement that the company will give ninety (90) days prior written notice, by registered mail to the State of Tennessee, Department of Correction, of its intention (1) to cancel, not renew, or make any material change in the current coverages or premiums, or (2) to make any material change in the coverages or premiums on renewal of any policy.

Proposals

Proposals must be indicated as to separate types of insurance, although proposals may be for any package policy or mandatory groupings of coverage. We have enclosed a "Premium Proposal Form" which must be returned with the proposal. Individual premiums and combinations of premiums, to the extent applicable, must be indicated thereon, or on a reasonable facsimile thereof. Proposals will be considered as binding for the first year of coverage, except for changes in hazards or exposure units occurring after the inception of the insurance.

The limits of liability and the scope of coverages indicated are suggested by the State of Tennessee, Department of Correction, as a starting point. Evaluation of proposals will take into consideration deviations from and enhancements to the Insurance Specifications as set forth in this Addendum to the RFP.

Review of Insurance

It is intended that all insurance will be reviewed for contract compliance. However, the State of Tennessee, Department of Correction, reserves the right to reject all or any part of the insurance at any time. The review of insurance will be based upon:

1. Scope of coverage;
2. Company financial stability, experience and industry standing; and
3. Underwriting, claims and engineering services.

It is considered highly desirable, but not mandatory, to place as much of the insurance coverage with one principal company as practical. Therefore, proposals will be evaluated on an overall underwriting basis but the State of Tennessee, Department of Correction, may require any combination of coverage as it sees fit.

The limits required by the State of Tennessee, Department of Correction, are the minimum limits acceptable. However, these limits are not to be construed as being the maximum any prospective contractor may wish to purchase for their own benefit.

Nothing herein shall in any way limit the right of the State of Tennessee, Department of Correction, to recourse to the fullest extent permitted by law.

As respects the total limits of liability requested, any combination of primary and/or umbrella coverage may satisfy those totals. However, if an umbrella is used, coverage must be at least as broad as the primary coverages.

Named Insured

See attachment I to Appendix D - Insurance found on page 3 of 24.

Signature

All proposals will be considered as binding the insurance company. Therefore, each "Premium Proposal Form", or a reasonable facsimile thereof, should be signed by the Contractor's authorized Insurance Company representative who has binding authority.

Instructions

Pages 1 through 16 provide details on the scope of coverage specified in this RFP.

Pages 17 to 24 should be completed and returned in accordance with the Proposal Deadline as set forth in Section 2 (RFP Schedule of Events) of this RFP.

FEDERAL BUREAU OF INVESTIGATION
CRIMINAL JUSTICE INFORMATION SERVICES
SECURITY ADDENDUM

The goal of this document is to provide adequate security for criminal justice systems while under the control or management of a private entity, the Contractor. Adequate security is defined in Office of Management and Budget Circular A-130 as "security commensurate with the risk and magnitude of harm resulting from the loss, misuse, or unauthorized access to or modification of information."

The intent of this Security Addendum is to require that the Contractor maintain a security program consistent with federal and state laws, regulations and standards (including the CJIS Security Policy in effect when the contract is executed), as well as with policies and standards established by the Criminal Justice Information Services (CJIS) Advisory Policy Board (APB).

This Security Addendum identifies the duties and responsibilities with respect to the installation and maintenance of adequate internal controls within the contractual relationship so that the security and integrity of the FBI's information resources are not compromised. The security program shall include consideration of personnel security, site security, system security and data security.

The provisions of this Security Addendum apply to all personnel, systems, networks and support facilities supporting and/or acting on behalf of the government agency.

1.00 Definitions

- 1.01 Administration of criminal justice - the detection, apprehension, detention, pretrial release, post-trial release, prosecution, adjudication, correctional supervision, or rehabilitation of accused persons or criminal offenders. 2.00 Responsibilities of the Contracting Government Agency

- 2.01 The CGA entering into an agreement with a Contractor is to appoint an AC.

The Agency Liaison shall, inter alia, monitor compliance with system security requirements. In instances in which the NCJA's authority is directly from the CTA, there is no requirement for the appointment of an Agency Liaison.

Minor violations shall be reported to the CGA on a periodic basis, but in no instance less than quarterly. See Section 8.01.
- 3.06 The Contractor's facilities will be subject to unannounced security inspections performed by the CGA. These facilities are also subject to periodic FBI and state audits.
- 3.07 The security plan is subject to annual review by the CJA and the Contractor. During this review, efforts will be made to update the program in response to security violations, changes in policies and standards, and/or changes in federal and state law and technology.

 - b. If a record of any kind is found, the CGA will be formally notified, and system access will be delayed pending review of the criminal history record information. The CGA will in turn notify the Contractor-appointed Security Officer.
 - c. When identification of the applicant with a criminal history has been established by fingerprint comparison, the CGA's designee will review the matter. A Contractor employee found to have a criminal record consisting of any felony convictions or of misdemeanor offenses which constitute a general disregard for the law is disqualified. Applicants shall also be disqualified on the basis on confirmations that arrest warrants are outstanding for such applicants.
 - d. If an adverse employment determination is made, access will be denied and the Contractor-appointed Security Officer will be notified in writing of the access denial. This applicant will not be permitted to work on the contract with the CGA. Disqualified employees and applicants for employment shall be notified of the adverse decisions and the impact that such records had on such decisions.
- 6.04 The investigation of the applicant's background shall also include contacting of employers (past or present) and personal references.
- 6.05 The Security Officer shall maintain a list of personnel who successfully completed the background investigation.
- 6.06 The CGA will ensure that each Contractor employee receives a copy of the Security Addendum and executes

an acknowledgment of such receipt and the contents of the Security Addendum. The signed acknowledgments shall remain in the possession of the CGA and available for audit purposes.

- 6.07 The CGA shall ensure that each Contractor employee authorized to access CJIS network terminals or information provided therefrom is specially trained in the state and federal laws and rules governing the security and integrity of criminal justice information.
- 6.08 All visitors to sensitive areas of Contractor facilities must be escorted at all times by a Contractor employee with clearance. Names of all visitors shall be recorded in a visitor log, to include date and time of visit, name of visitor, purpose of visit, name of person visiting, and date and time of departure. The visitor logs shall be maintained for five years following the termination of the contract,

7.00 System Security

- 7.01 Transmission, processing, and storage of CJA information shall be conducted on dedicated systems. Increased reliance should be placed on technical measures to support the ability to identify and account for all activities on a system and to preserve system integrity.
- 7.02 The system shall include the following technical security measures:
- a. unique identification and authentication for all interactive sessions;
 - b. if warranted by the nature of the contract, advanced authentication techniques in the form of digital signatures and certificates, biometric or encryption for remote communications;
 - c. security audit capability for interactive sessions and transaction based logging for message-based sessions; this audit shall be enabled at the system and application level;
 - d. access control mechanisms to enable access to be restricted by object (e.g. data set, volumes, files, records) to include the ability to read, write, or delete the objects;
 - e. ORI identification and access control restrictions for message based access;
 - f. system and data integrity controls;
 - g. access controls on communications devices;
 - h. confidentiality controls (e.g., partitioned drives, encryption, and object reuse).
- 7.03 Data encryption shall be required throughout the network passing through a shared public carrier network.
- 7.04 The Contractor shall provide for the secure storage and disposal of all hard copy and media associated with the system to prevent access by unauthorized personnel.
- 7.05 The Contractor shall establish a procedure for sanitizing all fixed storage media (e.g., disks, drives) at the completion of the contract and/or before it is returned for maintenance, disposal or reuse. Sanitation procedures include overwriting the media and/or degaussing the media. If media cannot be successfully sanitized it must be returned to the CGA or destroyed.

8.00 Security violations

- 8.01 Consistent with Section 3.05, the Contractor agrees to inform the CGA of system violations. The Contractor further agrees to immediately remove any employee from assignments covered by this contract for security violations pending investigation. Any violation of system discipline or operational policies related to system discipline are grounds for termination, which shall be immediately reported to the AC in writing.
- 8.02 The CGA must report security violations to the CTO and the Director, FBI, along with indications of actions taken by the CGA and Contractor.

- 8.03 Security violations can justify termination of the appended agreement.
- 8.04 Upon notification, the FBI reserves the right to:
- a. Investigate or decline to investigate any report of unauthorized use;
 - b. Suspend or terminate access and services, including the actual NCIC telecommunications link. The FBI will provide the CTO with timely written notice of the suspension. Access and services will be reinstated only after satisfactory assurances have been provided to the FBI by the CJA and Contractor. Upon termination, the Contractor's records containing criminal history record information must be deleted or returned to the CGA.
- 8.05 The FBI reserves the right to audit the Contractor's operations and procedures at scheduled or unscheduled times. The FBI is authorized to perform a final audit of the Contractor's systems after termination of the Security Addendum.
- 9.00 Miscellaneous provisions**
- 9.01 This Security Addendum does not confer, grant, or authorize any rights, privileges, or obligations on any persons other than the Contractor, CGA, CJA (where applicable), CTA, and FBI.
- 9.02 The following documents are incorporated by reference and made part of this agreement: (1) the Security Addendum; (2) the NCIC 2000 Operating Manual; (3) the Policy and Reference Manual; (4) the CJIS Security Policy; and (5) Title 28, Code of Federal Regulations, Part 20. The parties are also subject to applicable federal and state laws and regulations.
- 9.03 The terms set forth in this document do not constitute the sole understanding by and between the parties hereto; rather they provide a minimum basis for the security of the system and it is understood that there may be terms and conditions of the appended Agreement which impose more stringent requirements upon the Contractor.
- 9.04 This Security Addendum may only be modified by the FBI, and may not be modified by the parties to the appended Agreement without the consent of the FBI.
- 9.05 All notices and correspondence shall be forwarded by First Class mail to;

CERTIFICATION

I hereby certify that I have read and am familiar with the contents 01(1) the Security Addendum; (2) the TIME Manual; (3) the CJIS Security Policy; and (4) Title 28. Code of Federal Regulations, Part 20, and agree to be bound by their provisions.

I recognize that criminal history record information and related data, by its very nature, is sensitive and has potential for great harm if misused. I acknowledge that access to criminal history record information and related data is therefore limited to the purpose(s) for which a government agency has entered into the contract incorporating this Security Addendum. I understand that misuse of the system by, among other things: accessing it without authorization; accessing it by exceeding authorization; accessing it for an improper purpose; using, disseminating or redisseminating information received as a result of this contract for a purpose other than that envisioned by the contract, may subject me to administrative and criminal penalties. I understand that accessing the system for an appropriate purpose and then using, disseminating or redisseminating the information received for another purpose other than execution of the contract also constitutes misuse. I further understand that the occurrence of misuse does not depend upon whether or not I receive additional compensation for such authorized activity. Such exposure for misuse includes, but is not limited to, suspension or loss of employment and prosecution for state and federal crimes.

South Central Correctional Center RFP

and Contract Performance

Table of Contents

1. OVERVIEW
2. METHODOLOGY AND CRITERIA
 - 2.1. PERFORMANCE COMPARISON
 - 2.2. COST COMPARISON

1. OVERVIEW

Tennessee Code Annotated 41-24-105 provides that a contract to provide correctional services in the form of operation of facilities, including management, custody of inmates, security, and other associated services and activities, shall have an initial term of three years and may include an option to extend for an additional period of two years. It also sets out certain requirements relating to the extension of the contract. Pursuant to Tennessee Code Annotated 41-24-104, any contract extension requires the approval of the State Building Commission, the Attorney General and Reporter, and the Commissioner of Correction.

T.C.A. § 41-24-105 provides that prior to awarding any such contract the State is required to establish objective performance criteria and cost criteria for both the State and the private contractor. After the end of the second full year of operation, but before extending the initial contract at the end of the three-year contract term, the performance and cost criteria are to be used in conducting a comparison between the performance of the contractor and the performance of the State. The Select Oversight Committee on Corrections (or, in the absence of such committee, a committee designated by the speakers of the senate and the house) must compare the quality of the services provided by the contractor and the State and report its determination to the parties responsible for determining whether the contract should be extended. The Fiscal Review Committee (or, in the absence of such committee, a committee designated by the speakers of the senate and the house) must compare the cost criteria and provide a per day cost for the State and the contractor and report such determination to the parties responsible for determining whether the contract should be extended.

The contract can be extended only if the contractor is providing essentially the same quality of services as the State at a cost 5% lower than the State, or if the contractor is providing superior services (greater than 5%) at essentially the same cost as the State. The comparative evaluation of performance shall not serve as the basis for contract extension, but shall serve as a consideration. The cost comparison conducted by the Fiscal Review Committee shall serve as the basis for contract extension.

The objective performance criteria and cost criteria set out below have been developed by the Executive Director of the Select Oversight Committee on Corrections (SOCC) and the Executive Director of the Fiscal Review Committee, in consultation with staff of the Department of Correction. The criteria will be used during the comparative evaluation process referenced above.

2. METHODOLOGY

The Northeast Correctional Complex (NECC) and Northwest Correctional Complex (NWCC) have been determined to be the State-operated facilities that are the most comparable to the South Central Correctional Center (SCCC). The two State operated institutions have been selected for previous comparisons because of the similarity in age of the facilities, design of the facilities, and inmate populations. These two facilities continue to be the most comparable. Since the early comparisons of the institutions

were made, consolidation of State institutions resulted in other facilities being combined administratively with both NECC and NWCC. These consolidations add some challenges, such as adjusting for differences in the number of inmates, the comparability of inmate populations, etc.; however, the evaluation process and instruments have been developed to compensate for these differences through the use of per capita ratios and other scoring measures.

2.1. PERFORMANCE COMPARISON

The Department of Correction performs annual inspections of all State and private facilities housing inmates under their jurisdiction. To comply with the TCA 41-24-105 requirement of comparing the performance of State operated facilities with the facility operated by the private contractor the following process will be utilized:

- a) The Commissioner of Correction/Designee will assign a team of experienced TDOC employees to conduct the annual inspection process at Northeast Correctional Complex, Northwest Correctional Complex and the privately operated South Central Correctional Center.
- b) These annual inspections shall take place during the last quarter of the second year of the State's contract with the private contractor.
- c) The annual inspection process will conform to the requirements of departmental policy 103.07 and be performed and recorded as required by policy with the following exceptions:
 - i. There shall be a percentage calculated based on the total items reviewed during each inspection, minus the items noted as non-applicable divided into the number of items judged as compliant for each facility involved.
 - ii. The private contractor may have representatives present for each inspection involved in the comparative evaluation process and said representatives shall be allowed to participate in decisions of noncompliance.
 - iii. Any unresolved disagreement between the State annual inspection team leader and a private contractor representative shall be resolved by a representative of the SOCC prior to the final report.
 - iv. The SOCC may have a representative present at each of the involved annual inspections.
- d) The Department of Correction shall forward the entire annual inspection report and management response to the SOCC.
- e) The Department of Correction shall also forward to the SOCC a report that includes other performance data concerning escapes, uses of force, homicides, assaults, outside inspection results, health care performance, communicable diseases, staffing data and other items. No specific percentages shall be applied to this section of the SOCC report, but the data shall be for informational purposes only.

2.2. COST COMPARISON

TCA 41-24-105(e) requires the Fiscal Review Committee to provide a prisoner per day cost for the State and the Contractor based upon cost measures set out in the Request for Proposal and the Contract. Those costs are to be used in the evaluation to determine if the Contractor is providing essentially the same quality of services as the State at a cost of five percent (5%) lower than the State, or if the Contractor is providing services superior in quality to those provided by the State at essentially the same cost pursuant to TCA 41-24-105(c).

The financial information to be compared will be for the Fiscal Year 2008/2009. This is necessary in order to comply with the statutory mandates which state that the comparison is to be made after the second year of the Contract, but before any extension can occur at the end of the third year. The FY09 information would be the most current information available at the time of the comparison evaluation and will match the review period that will be used for the performance evaluation.

The institutions included in the contract for comparison with the South Central Correctional Center are Northeast Correctional Complex (NECC) and Northwest Correctional Complex (NWCC). The two State operated institutions have been selected for previous comparisons because of the similarity in age of the facilities, design of the facilities, and inmate populations. These two facilities continue to be the most comparable. Since the early institution comparisons were made, consolidation of State institutions resulted in other facilities being combined administratively with both NECC and NWCC. In order to restore a reasonable level of comparability, adjustments will be made for staff and operating costs.

The cost comparison will review the full costs of the Contractor with the full costs of the State's comparable facilities (NECC and NWCC). The costs attributable to the Contractor will include any costs of monitoring the Contract incurred by the State, which would not have been incurred by the State otherwise. In addition to monitoring costs, other adjustments and allocations will be made. The cost comparison will be for the period of July 1, 2008, through June 30, 2009.

Allocations will be based on the following:

- a) Divide Central Office or overhead costs between activities involving residential prisoners and other activities based on direct expenditures for residential facilities versus direct expenditures for other activities to obtain a percentage of Central Office or overhead expenditures applicable to residential facilities.
- b) Allocate the amount of Central Office or overhead expenditures applicable to residential facilities based on the census for each residential facility to the total census for all residential facilities.
- c) Expenditures for revenue generating activities such as commissary, inmate labor, inmate telephones, inmates fines, recycling, and art and craft sales at institutions are to be included in facility expenditures and will be offset by total revenues collected.

Costs will be allocated to the South Central Correctional Center for:

- d) The pro rata costs of the Tennessee Offender Management Information System (TOMIS), which are applicable to the handling of information on prisoners assigned to the South Central Correctional Center.
- e) The amounts expended by the State for monitoring the Contractor's operations during the 2008/2009 fiscal year
- f) The amounts expended by the State for the benefit of the Contractor during the 2008/2009 fiscal year
- g) Any other amounts expended by the State (including any State agency) which would not have been expended by the State in the absence of the Contract
- h) State overhead items determined not to be applicable to South Central Correctional Center will not be added to the Contract cost

Adjustments will be also made for:

- a) Year-end supply inventories
- b) Equipment items purchased for use in the facilities with a cost in excess of \$5,000 will be deducted from the total cost of operations for all facilities. Equipment purchased for use by the State's monitors at South Central Correctional Center will not be deducted from the State's cost of operating South Central Correctional Center
- c) Expenditures for the use of motor vehicles and motorized equipment purchased for use by NECC and NWCC will be reduced by the depreciation/replacement factor included in the reimbursement rate to the Department of General Services

The Fiscal Review Committee will further adjust the reported costs to ensure comparability in making the comparison of the relative costs of operating the facilities for the period of July 1, 2008 through June 30, 2009. This would include, but not be limited to the following:

- a) Any costs that appear to be made ahead of the time needed or are deferred to a subsequent period if, in the opinion of the committee staff, such costs are in an amount sufficient to materially affect the comparison
- b) The State's or the Contractor's costs for any program or functional areas which it determines to be not substantially comparable to the operations of the facilities being compared
- c) Any cost items not accounted for in a similar manner

- d) Necessary adjustments for population variance to include fixed and variable cost items for payroll and operational support expenditures
- e) The medical component of cost will be adjusted to equalize the costs of each facility due to the \$4,000 stop-loss provision for medical care in the Contract

Requests for clarification should be made during the Pre-proposal Conference or should be requested in the form of a Written Comment during the Request for Proposal process. The State's written responses will become part of the final Contract.

As required by the Contract, the Comptroller of the Treasury will review all accounting information submitted to Fiscal Review by the Department of Correction, and all accounting information provided by the Contractor to Fiscal Review is to be analyzed by an independent accounting firm. The reports generated by those reviews will be utilized during the evaluation process.

The Fiscal Review Committee staff will calculate the State's and the Contractor's cost per inmate day. The final draft report will be given to both the State and Contractor for comment before it is delivered to the Fiscal Review Committee. If either the State or the Contractor chooses, they can submit a written response to the final report that will be included when the report is submitted to the Fiscal Review Committee.
