

1998 LITIGATION QUARTERLY REPORT

SECOND QUARTER

I. TRIALS or HEARINGS

MID-ATLANTIC REGION

Dunlap v. Luttrell, et al. (FCI Manchester)

A jury trial was held on February 23-25, Federal Tort Claims Act (FTCA)/Bivens. After two full days of testimony the jury deliberated less than one hour, concluding that the four defendants did not use excessive force in subduing an unruly inmate. This case also involved an FTCA claim for failure to train and supervise the officers, and failure to provide proper medical care to the inmate after the use of force incident. The Judge was visibly angry at the government for canceling an outside medical exam, and ordered that such an exam take place before she decides the FTCA claim. The government was allowed to select an outside physician to perform one exam, and the plaintiff was allowed to select one physician. Both exams have now been completed and neither indicates any injuries that could be attributed to the use of force incident.

Yanez v. U.S. (USP Terre Haute)

This FTCA trial was held in January. The inmate claimed that staff at USP Terre Haute lost his hobby craft material when he was transferred. Judgment was entered in the favor of the U.S.

SOUTH CENTRAL REGION

Haroldo R. Martinez-Rodriguez v. United States, CV-EP-96-224-F(WD/TX) (FCI Latuna)

This is a FTCA medical malpractice trial. The court indicated that it was contemplating a damage award for only a small portion of plaintiff's requested damages. This award would be for pain and suffering the plaintiff experienced during the eight-month period preceding the time in which plaintiff was offered a surgery he states was required.

II. SETTLEMENTS AND AWARDS

MID-ATLANTIC REGION

Gutierrez v. U.S. (FCI Morgantown)

We were informed on January 14, 1998 by the AUSA in this case that the plaintiff had accepted our offer of judgment for \$140,000 plus costs (actual costs \$7,711.02). The inmate, while in USMS custody in a local jail in Michigan, fell out of the top bunk and permanently damaged his left elbow. Subsequently, he was returned to BOP custody where there was an alleged delay in surgery and some mix-up during post-surgery rehabilitation.

Poindexter v. U.S. (FPC Alderson)

A FTCA case that arose from an accident involving an FPC Alderson vehicle and an inmate driver. The vehicle struck another car, injuring its driver and damaging the vehicle. The only issue was the extent of physical damages to the driver of the other car. The case settled for \$40,000.

Martin, et al., v. Hawk, et al. (FCI Memphis)

This was a Bivens/FTCA case where the Director was still a defendant regarding the implementation of the BOP's change in our bed board policy. The three plaintiffs in this case accepted the \$4,000 each to settle under the FTCA, total 12, 000.

NORTHEAST REGION

Kagan v. United States, CV 94-3663 (DNJ)(FCI) (FCI Schuylkill)

This wrongful death civil action originated as a Bivens action filed by the next of kin of inmate Philip I. Kagan, Reg. No. 14361-050, who died in September 1993 at FCI Schuylkill. The complaint alleges that the deceased was denied adequate medical treatment for a known heart condition. The deceased's health allegedly deteriorated until he lapsed into a coma and died of complications caused by cardiac and pulmonary failure. The district court dismissed the action in August 1995. On appeal, the Third Circuit held that, although Plaintiff failed to state a claim under Bivens, he did state a cause of action under the Federal Tort Claims Act, 28 U.S.C. § 2671, et seq. On remand, the case settled under the FTCA for \$10,000.00.

Markoff v. United States, Civil Action No. 96-2543 (DNJ) (FCI Ft. Dix)

This Federal Torts Claim Act complaint was filed by former inmate Morton Markoff, 11116-050, who alleges that as a result of improper medical care while housed at the Federal Correctional Institution, Ft. Dix he suffered a permanent injury and resulting loss of function to his right ring finger and left elbow and arm. Plaintiff was a practicing medical doctor prior to his incarceration. The case settled for \$45,000.

SOUTH CENTRAL REGION

Vernon Ray Robertson v. USA, CIV-97-1643-C (FTC Oklahoma)

In this FTCA case the FTC Oklahoma City tort claim was settled in the amount of \$1,500 and paid toward restitution pursuant to a court order. The case involved failure to protect issues, as he was assaulted by a high security inmate.

WESTERN REGION

Wickline v. United States (NEF/LOF) (FPC Nellis)

FTCA case regarding lost inmate property settled for \$124.00. Form 40s could not establish proper handling of inmate's property between institutions.

Lucas v. White (Dublin)

FTCA/Bivens and injunctive action by two female inmates and one former inmate alleging they were subjected to sexual abuse and harassment. Private Settlement agreement to dismiss action in return for various training and policy initiatives and the payment of \$500,000. to the plaintiffs.

III. SIGNIFICANT CASES

NORTHEAST REGION

United States v. Luis Felipe, No. 97-1155, 97-1484 (2d Cir.)

On January 22, 1998, the Second Circuit heard oral argument concerning the authority of a district judge to impose restrictions on conditions of confinement for Luis Felipe, 14067-074, the leader of the Latin Kings. The district court held that 18 U.S.C. § 3582(d) provided the court with jurisdiction to limit the defendant's contact with the outside world. The district court also held it had inherent authority to impose such restrictions.

SOUTHEAST REGION

Sulayman v. Reno Case No. CV297-118 (S.D.Ga.) (FCI Jesup)

A doctor filed an EEO case claiming he was discriminated against because he had befriended a contract worker who had filed an EEO sexual harassment claim. This doctor had been removed as Chief Medical Officer and later transferred to Talladega as a result of a focus review. He appears to be claiming this was a pretext for the discriminatory motive. This case was a problem because two correctional health care administrators at Jesup had participated in sexually harassing actions with other (not Dr. Sulayman) health service staff. Sulayman seeks to make his own case by bringing out the facts of these other situations and Judge Alaimo has allowed this in spite of our objections.

Byrd v. Hasty Case Numbers: 3:96-CV-289-LAC/SMN (Northern District of Florida); 97-2129 (Eleventh Circuit Court of Appeals)

This case is a habeas corpus action in which the inmate challenges the BOP's decision to deny him from participating in the DAP because his current offense was found to be a crime of

violence by reason of a two-point enhancement at sentencing for possession of a firearm. Oral argument in the Eleventh Circuit was scheduled for April 16. The court will decide the case based on briefs because plaintiff's attorney failed to show up for the oral argument.

MID-ATLANTIC REGION

Johnson v. U.S., (FCI Memphis)

This is a FTCA claim for lost property arising out of the October 20, 1995, disturbance. In this case we were also permitted to argue discretionary function exception. At the close of plaintiff's proof, the government moved for judgment as a matter of law arguing again that the discretionary function exception barred recovery, or in the alternative, that plaintiff had not made out a prima facie case of negligence. Having drawn a blurred line between discretionary decisions and their ministerial implementation, the court concluded that the BOP's development of a procedure to remove inmate personal property was protected by the discretionary function exception, but that the ministerial implementation was subject to negligence analysis. The Judge ruled in favor of the Government and dismissed the complaint, but it is unclear as to whether that ultimate decision was based upon the discretionary function exception or lack of negligence.

**QUARTERLY REPORT - ADMINISTRATIVE REMEDIES
JANUARY THROUGH MARCH 1998**

Administrative Remedy data is provided directly from the Key Indicators (KI). KI data does not exactly match Sentry data and the Monthly Report as KI data is pulled the 22nd of the last day of the quarter, and the retrieval categories of submitted vs. filed varies. The first nine attachments reflect institution remedies filed at the institution, regional and central office levels. The remaining attachments reflects Community Corrections Centers (CCC) remedies filed at the CCM, regional and central office levels. Significant information is highlighted below.

INSTITUTION REMEDIES

- o The total number of remedies filed this quarter increased from last quarter at the institution level from 3,873 to 4,035, and at the regional level from 2,289 to 2,473. Central office appeals decreased from 1,033 to 772.
- o The decrease in the central office filings can be explained by a large influx of cases loaded the last two weeks of March. A check of Sentry for the same time period reflects 1,035 cases filed rather than 772.
- o Grant rates for this quarter decreased at the institution level from 14.8% last quarter to 14% this quarter and at the regional level from 9% last quarter to 8.4% this quarter. Grant rates at the central office level increased from 0.6% last quarter to 0.9% this quarter.
- o The highest complaints filed category at the institution level was UDC Actions (the first quarter ended December 1996) with 624 or 15.5% of the 4,035 remedies compared to 571 or 14.7% of the 3,873 filed last quarter.
- o The second highest complaints filed category at the institution level was Staff Complaints with 579 or 14.3% of the 4,035 remedies. Last quarter Staff Complaints was the highest category with 600 or 15.5% of the 3,873 remedies.

- o Other institution level complaints filed categories in the top ten were: Medical (10.3%), Institution Operations (7.8%), Classification (6.7%), Institution Programs (5.6%), Jail Time (4.8%), Work Assignments (4.6%), Special Housing (4.4%), Legal (3.8%), and Community Programs (3.8%).
- o Institution level complaints on Special Housing and Community Programs made their first reappearance in the top ten in three quarters. Transfer appeals were not in the top ten for the first time in two years.
- o The highest number of regional appeals was filed in the MXRO with 517 and the fourth lowest number of inmates (17,715). The lowest number of appeals filed was in the WXRO with 284 which has the lowest number of inmates (13,491).
- o The NCRO had the second highest number of appeals filed with 502 and the fifth lowest number of inmates (14,920). Prior to that the NCRO had the highest number of appeals since January 1995.
- o The highest category for regional appeals filed was DHO Appeals (705 or 28.5%), followed by Staff Complaints (199 or 8.0%), UDC Appeals (186 or 7.5%), Medical (181 or 7.3%) and Classification (153 or 6.2%).
- o The WXRO had the highest percentage of grants with 38 or 12.9%. Twenty five of the 38 grants were for DHO Appeals and UDC Actions. The second highest percentage of grants was in the SCRO with 37 or 11.3%. Twenty five of the 37 grants were for DHO Appeals and UDC Actions.
- o Last quarter the NERO granted the highest percentage of cases (12.4%) followed by the WXRO (12.1%). The lowest number of grants this quarter was the NCRO with 12 or 3.7%, the same ranking as last quarter.
- o At the central office level, DHO Appeals were the highest category of complaints filed with 163 or 11.1%. Staff Complaints were the second highest category with 74 or 9.6%. The remaining categories in the top five were: Medical (68 or 8.8%), Jail Time (60 or 7.4%), and a tie between Classification (57 or 7.4%) and UDC Actions (57 or 7.4%).

- o At the central office level, the average response time was 32.12 days compared to 25.65 days the previous quarter. The increase in response time can be attributed being without one specialist and the administrator position being filled on an acting basis.
- o At the regional office level the average response time was 28.55 days compared to 26.76 days last quarter. At the institution level the average response time was 16.32 days compared to 16.22 days last quarter.

CCC REMEDIES

- o The total number of CCC appeals submitted to CCMs this quarter was 44, compared to 29 the previous quarter. There were 11,251 inmates in the population during this quarter compared to 11,384 last quarter.
- o The highest complaints filed category was Community Programs with 31 or 70.5%, followed by Staff Complaints with 6 or 13.3%. The average response time was 45.58 days.
- o Thirty-six CCC appeals were filed at the regional level. The highest complaints filed category was CCMs with 26 or 72.2%, followed by CDC Actions with 5 or 13.9%. The average response time was 35 days.
- o Only 4 CCC appeals were submitted to the central office.
- o The NCRO had the highest number of CCC complaints filed with 11 and the fifth lowest number of CCC inmates (1,063).
- o The second highest number of CCC complaints filed was the SCRO with 8 and the highest number of CCC inmates (4,779).
- o The SERO had the highest percentage of grants with 2 or 33.3%.

1998 LITIGATION QUARTERLY REPORT

THIRD QUARTER

I. TRIALS or HEARINGS

MID-ATLANTIC REGION

Velda Reed v. Reno (FMC Lexington)

This age discrimination case was argued before the Sixth Circuit on Tuesday, April 21. On June 8, the Sixth Circuit ruled that the Bureau's mandatory age requirement for primary law enforcement positions did not violate the Age Discrimination in Employment Act, 29 U.S.C. 633a, or the Veterans Preference Act. This opinion is the first published opinion which approves of the Bureau's policy since the initiation of FERS in 1986.

Kevin Jones v. J.T. Holland, et al (FMC Lexington)

A TRO hearing was held on April 10, 1998. Plaintiff filed a Bivens case and alleged he was denied pain medication and treatment for his kidney stones and back pain. Even though Judge Wilhoit subsequently dismissed the action with prejudice, he stated that the defendants were deliberately indifferent to plaintiff's serious medical needs because the cause of the blood in the plaintiff's urine had not been discovered and properly addressed. However, the court dismissed the action in its entirety, since plaintiff received the relief he requested, to be seen by an outside urologist and obtain some type of relief. Judge Wilhoit also ordered \$1,200 in attorney's fees. Regional counsel recommended appeal.

Pelissero and Hayes v. Thompson (FCI Morgantown)

This is a case on the 2-point enhancement/Felon in Possession, early release case. On April 10 it was argued before the Fourth Circuit. The panel was prepared to rule that the new rule mooted these cases. The government pointed out that the new rule did not apply, as both appellants entered a drug treatment program prior to October 1997.

SOUTH CENTRAL REGION

Knight v. Heflter (FCI Seagoville)

Trial held at FCI Seagoville on Monday, June 8, 1998. This was a Bivens case. The inmate alleged food poisoning. None of the other inmates who testified suffered any illness after eating the allegedly tainted shrimp. In less than two hours, Judge Buchmeyer granted the government's motion to dismiss.

SOUTHEAST REGION

Johnson v. Moore

This Bivens case was tried on April 9, 1998 to a judge. The plaintiff alleges that a Correctional Officer forced him to clean a bathroom which was beyond his capabilities and in violation of his medical restriction. The judge returned a verdict for the defendant.

Byrd v. Hasty, 3:96-CV-289-LAC/SMN (N.D.F.)

1998 LITIGATION QUARTERLY REPORT

FOURTH QUARTER

I. TRIALS or HEARINGS

SOUTHEAST REGION

Alexander v. Hawk, et al., Appeal No. 96-3752 (11th Cir.)

An inmate challenged the Ensign Amendment. The district court dismissed the case, sua sponte, before service on the defendants, for failure to exhaust administrative remedies as required by the PLRA. The inmate appealed. The Eleventh Circuit appointed counsel. The inmate and his counsel's request to withdraw the case was denied by the circuit. The government filed an amicus brief on behalf of the individual defendants. Oral argument was held on August 27, 1998.

NORTH CENTRAL REGION

Locascio v. Keohane, (MCFP Springfield)

Plaintiff, an organized crime figure, filed for a temporary restraining order requesting release from Administrative Detention. The inmate was placed in SHU after information was received that a contract had been placed on his life. Judge Clark held a hearing regarding his matter on August 19, 1998. The BOP prevailed on the major issue as to the authority to house the plaintiff involuntarily in protective custody. The court issued a temporary restraining order that the inmate receive certain privileges similar to those he would receive in general population. The region is examining options to appeal or seek clarification of the court's order.

II. SETTLEMENTS AND AWARDS

SOUTH CENTRAL REGION

Johnnie Fay Ray v. United States, (FCI Big Spring)

This was a FTCA case filed by a contract teacher who fell off a golf cart driven by an inmate. The case settled for \$60,000.

Haroldo Martinez v. United States (FCI La Tuna)

This FTCA personal injury case went to trial in March 1998. The Office of General Counsel previously authorized settlement of this case for up to \$30,000. The judge awarded plaintiff \$10,000 plus interest and costs.

SOUTHEAST REGION

Pamela Ruth Chilton, et al. v. United States, 4:96-CV-2533 CDP (FCI Jesup)

Trial was held in this case where the inmate committed suicide at FCI Jesup shortly after arrival and after BOP medical staff an FTCA/wrongful death action, changed his medication from

Xanax to Lorazepam. The court found the government negligent and awarded damages to the plaintiffs in the amount of \$781,000. This consisted of \$725,000 lost earnings, \$50,000 intangible value and \$6,000 funeral expenses.

Renee Clark v. United States, 1:97cv404-D-D (FCI Tallahassee)

A female inmate filed this case because she was released 34 days late. She subsequently violated supervised release and was returned to custody. The 34 days were credited against her supervised release violator term. Largely because of this, we were able to settle this case for a minimal amount of \$1,250.

Sulayman v. United States, CV297-118 (FCI Jesup)

Dr. Sulayman a BOP employee claimed he was discriminated against because he had befriended a contract worker who had filed an EEO sexual harassment claim. Sulayman had been removed as Chief Medical Officer and later transferred to Talladega as a result of a focus review. He claims his transfer was a pretext for the discriminatory motive. This case was a problem because two correctional health care administrators at Jesup had participated in sexually harassing actions with other (not Dr. Sulayman) health service staff. This case settled for \$75,000.

NORTHEAST REGION

Dorothy Schrader v. Reno, et al., Appeal No. 97-7610 (3d Cir); No. 4:CV-96-1467 (M.D.Pa.)

In 1996, the plaintiff a former employee, filed a sexual discrimination complaint under Title VII, 42 U.S.C. § 2000(e); and a number of other statutory and constitutional grounds. The district court granted summary judgment in our favor. Plaintiff filed a Notice of Appeal to the Third Circuit challenging only the resolution of the Title VII claim. The case was settled for \$100,000, following Alternative Dispute Resolution.

Dziamba v. United States, 97-395 (D.N.J.)(FCI Fairton)

This is a FTCA case in which the inmate alleged staff failed to protect him from sexual assault at FCI Fairton. Evidence pointed to exposure because he was placed in SHU with an inmate he needed to be separated from. After some considerable pressure from the court, case settled on eve of trial for \$500,000.

Johnstone v. United States 95-5714 (E.D.Pa.)(FMC Fort Worth)

Former FMC Ft. Worth inmate, who suffered penile implant damage while on a work assignment, filed an Inmate Accident Compensation claim after exhausting his internal appeals. After IAC review of new information. The case settled for \$20,854.00

Fears v. United States - 97-23 (W.D.Pa.)(FCI McKean)

FTCA case for loss of personal property. The district court denied our motion for summary judgment in which we raised the discretionary function defense. Case settled for \$500.

III. SIGNIFICANT CASES

NORTH CENTRAL REGION

Boyce v. Hershberger, 983238-GTRV, D.Kan.. (ADX Florence)

Convicted spy Christopher Boyce filed suit in the District of Kansas alleging that his constitutional rights were violated when he was transferred from a state facility in Minnesota to ADX Florence. Boyce is represented by counsel in this matter and claims that he was transferred solely because of articles he wrote while in state custody.

Patel v. USA, et al., 96-M-0286, (FCI Florence)

A Religious Freedom Restoration Act case. The issue is whether common fare meets the religious needs for Hindu inmates. DOJ appointed private counsel to represent the four individual defendants who remain. Plaintiff made a settlement offer that he is willing to drop the matter if we expunge an incident report he received for an assault. NCRO declined offer.

NORTHEAST REGION

McClurg v. Harding, 98-605 (D. Conn) (FCI Danbury)

Holder v. Harding, 98-656 (D. Conn) (FCI Danbury)

Codianni-Robles v. Harding, 98- (D.Conn.) (FCI Danbury)

FCI Danbury inmates Penelope McClurg, 21528-018, Tina Holder, 09474-424, and Beatrice Codianni-Robles, 11866-014, filed separate, similar petitions requesting an expedited hearing and temporary restraining order against the practice of cross-gender pat searches at FCI Danbury. All three inmates have a history of being sexually abused and are assigned to the "Bridge Unit", which is a housing unit for women who have suffered traumatic experiences, including sexual assault/abuse. Counsel has been appointed to represent both inmates. Under pressure from the court, the Warden agreed to exempt McClurg and Holder from routine cross-gender pat searches until a full hearing on the merits. McClurg transferred to a community corrections center and her case was dismissed as moot. Codianni-Robles was recently transferred to FMC Carswell for medical care and the status of her involvement in the cases is still pending. A hearing of the TRO in Holder is scheduled for October 20, 1998. A hearing on the merits of the petition in holder is scheduled for November 30 and December 1, 1998.
