Don -

This e-mail is in response to your letter to OHS dated 15 May 07 concerning a follow-up to the CMR of the Prison Health Services (PHS) services at Taylor CI Contract #S6149, Report #CMR06002.

OHS terminated this contract on January 19, 2007 as a result of the Department "taking over" the responsibility for the provision of comprehensive inmate health care services, therefore the only recommendation of findings still outstanding from your October 18, 2006 CMR is Finding #2, Section 3). We are currently in ongoing negotiation with Prison Health Services concerning these outstanding receivables. PHS representatives will be on-site at OHS CO early June 2007 to review disputed receivables for services rendered under this contract. Because of the lack of an automated electronic medical record or billing system, this is a tedious process involving reviewing every bill by hand. We will be sure to inform you when the issue is resolved. Please contact me if you have any questions or need further information.
