Dear Warden Valdez

This letter is in regard to our meeting held on 22 August 2008 with you, myself, and Lieutenant Tim Higgins, IDOC Gang coordinator and IDOC Investigator.

The intent of this letter is to outline the issues we discussed resulting from an initial analysis of violence at ICC, speak to follow on actions, and address future expectations and planning.

My concern relates to inmate safety at ICC resulting from the increased violence in recent months.

Since the beginning of 2008, incidents of violence at the Idaho Correctional Center has steadily increased to the point that there are four incidents for every one that occurs in the rest of the Idaho state operated facilities combined. During the month of July 2008 alone there were 17 batteries at ICC.

Information has been compiled from all 105 Incident/Exercise Notification Report forms sent from ICC reporting any act of violence for the period of January 1, 2008 to August 5, 2008. Investigation files available concerning these incidents have been reviewed at length by Lt. Higgins. Using the IDOC Offender Tracking System and the IDOC Corrections Integrated System, He took a look at what had been done by ICC to modify this inappropriate behavior. He reviewed any evidence of gang involvement and the previous disciplinary histories of the assailants. He also reviewed complaint letters sent to departmental administrators concerning the violence at ICC. Finally, he interviewed several of the offenders that were involved in these incidents, as well as the staff directly involved in the investigation and disciplinary process.

The reported incidents of violence were grouped into four categories. These included:

1. Extortion for Rent (15 Reported Incidents)
2. Extortion to Force Inmates to Assault Other Inmates (5 Reported Incidents)
3. Aggravated Battery (18 Reported Incident)
4. Simple Battery (34 Reported Incidents)

The contributing factors to these assaults are summarized as follows:

Criminal Referrals: Major crimes that are being committed at ICC are not being referred to the Ada County Sheriff's Office for investigation and prosecution. Ada County Sheriff's Office confirmed that no crimes that occurred at ICC in 2008 have been referred. Criminal prosecution is a major deterrent against commission of violent crimes and is a common practice in all state operated facilities.

Disciplinary Offense Codes: When disciplinary action was taken against the inmates involved in these incidents of violence, they were found guilty of "Simple Battery", "Intentional Injury" or "Horseplay". No one was found guilty of "Aggravated Assault" or "Aggravated Battery". This issue greatly affects classification and accountability issues.

Classification Exceptions: Inmates were being retained in medium custody that should have been moved to close custody

Poor Quality Video Cameras: The quality of the video recordings of the incidents using the facilities close circuit surveillance system is poor.

Not All Incidents are Fully Investigated: No investigation reports were located for eight incidents of violence in 2008 that were brought to the attention of the investigation staff

Protective Custody Investigations: The Investigator reportedly does not see Protective Custody Investigations that are normally written by the Unit Managers and submitted directly to the administration.

Investigation Office Staffing: All of the investigative staff operate independently from each other with their own chain of command and areas of responsibility.

Investigation Office Organization: The filing system used for investigations is very difficult to locate specific investigation case files.

Lack of Vigilance/Complacency: Gang members have been able to operate openly with little fear of being held accountable.

Following the last assault at ICC the Virtual Prison Program Deputy Warden, Jeff Henry notified Ada County. Ada County responded to ICC and filed a report. Subsequently the detective involved also arranged a meeting with IDOC and reviewed the report. The following referrals were made during that meeting which were not previously referred for prosecution by ICC.

The cases that should be reviewed for potential robbery charges (I.C. 18-6501) include:

- Offender-on-Offender Assault, 3/22/08, involving Mour 85306, Peko 84109 and Lay 80221.
- Offender-on-Offender Assault, 4/13/08, involving Traylor 77314, Lewis 67529, Bashale 67199, Price 66757 and Schmidt 81591.
- Offender-on-Offender Assault, 4/20/08, involving Cheever 27031, Boyle 41355 and Boyle 49018.
- Offender-on-Offender Assault, 4/23/08, involving Auperlee 47551, Ward 82368, Pickens 87382, Hausner 65723 and Dunn 66064.
- Offender-on-Offender Assault, 5/10/08, involving Riggs 37783, Hausner 65723 and Schnoebelen 81050.
- Offender-on-Offender Assault, 5/25/08, involving Bradley 68370 and Ellison 82685.

One case should be reviewed for potential witness intimidation charges (I.C. 18-2604). It is:

- Offender-on-Offender Assault, 3/05/08, involving Knappenberger 87530, Stropkai 87621, Oshea 72566 and Dunn 66064.

Based on the thresholds and criteria defined by Ada County, no cases should be reviewed for potential aggravated assault or aggravated battery charges (I.C. 18-905 and 18-907).

ICC has submitted a Facility Lockdown plan to address future assaults in the facility and that plan is being reviewed. While this plan does attempt to address individual assault's as they occur, I believe it does not properly address causal and systemic factors.

Therefore I am in agreement with the recommendations made in the report. I have listed them below, and have added my comments as well. I believe that these systemic procedures will be more effective in the long term than reactive lockdowns which also punish inmates that are not involved with the violence.

1. All major crimes should be immediately reported to Ada County so that they can be properly investigated and prosecuted. Referrals send a clear message to the inmate population that the facility is taking violence seriously and that new charges may result with longer sentences.
2. The facility should develop an effective method of behavior modification in order to reduce the incidents of violence. The disciplinary process needs to ensure that inmates are held accountable at the level commensurate with the offense they committed. When simple battery is predominante as the charge to violent offences it sends a message of complacency and allows the inmates to sustain a violent culture without commensurate consequences. Contractually ICC is required to follow IDOC policy 318 (Disciplinary Procedures) . IDOC's expectation is that ICC correctly and consistently apply the correct category of offence.

3. Investigations need to be more thorough and better documented. The investigator should review all protective custody investigations and will need to develop a better investigation file system. Investigations should be consistently formatted and an administrative review should take place that includes follow up action such as criminal referrals, follow on investigations that dig deeper into problem areas, and violent inmates identified and dealt with.
4. A number of operational changes will be necessary to get staff to pay more attention to what is going on in the unit and to make it more difficult for inmates to commit acts of violence without being immediately detected. Frequent tier checks, follow up on information reports, cell searches increased by quantity and quality, supervisor accountability in high violence units to name a few.

It is our desire that these systemic issues be addressed in addition with security procedures that address specific acts of violence.

IDOC and ICC have had several meetings over the last couple of months regarding this issue. The specific contractual areas that apply are 02.20.01: "At all times which inmates are in its custody, the contractor shall provide security and control of inmates, and 02.06.00: "Contractor shall develop and implement safety...procedures".

Contractually ICC is required to follow policy number 309 "Conduct of Inmates", which says in part that inmate behavior in violation of local and state laws may be reported to legal authorities for judicial action.

Please provide a written, formal response to this letter by 15 September 2008 regarding how ICC plans to fully apply implementation of policy 309 by including a proper legal review of crimes. How ICC plans to insure the correct offence category is applied in disciplinary offence reports as required in policy 318. And a detailed plan to reduce all acts of violence. A consistent plan to as correctly as possible identify and hold perpetrators of violence accountable. A movement plan that works with other IDOC facilities to keep STG members from organizing.

Be advised that IDOC will be tracking future assault reports, and acts of violence. The contract monitors will be following up with ICC on Ada County referrals utilizing a documentation trail that also follows up on DOR offence codes and outcomes.

Re: Initial Analysis of Violence at the Idaho Correctional Center

OVERVIEW

Since the beginning of 2008, incidents of violence at the Idaho Correctional Center has steadily increased to the point that there are four incidents for every one that occurs in the rest of the Idaho state operated facilities combined. During the month of July 2008 alone there were 17 batteries at ICC. I was asked to review the incidents of violence that have occurred at ICC in 2008 and try to determine some of the causal factors

I compiled information from all 105 Incident/Exercise Notification Report forms sent from ICC reporting any act of violence for the period of January 1, 2008 to August 5, 2008 I then went to the Idaho Correctional Center where I reviewed all investigation files available concerning these incidents and determined who was identified as being involved Using the IDOC Offender Tracking System and the IDOC Corrections Integrated System, I took a look at what had been done by ICC to modify this inappropriate behavior I reviewed any evidence of gang involvement and the previous disciplinary histories of the assailants. I also reviewed complaint letters sent to departmental administrators concerning the violence at ICC Finally, I interviewed several of the offenders that were involved in these incidents, as well as the staff directly involved in the investigation and disciplinary process

DEFINITIONS

It is important to first understand the definitions for the types of crimes I will be describing in this report They include.

Aggravated Battery: Acts of violence where weapons were used, where there were multiple assailants attacking a lone victim, and/or where the victim was seriously injured. The force used was likely to produce great bodily harm

Extortion: The crime of obtaining something such as money, information or services from somebody by using force, threats, or other illegal methods

Simple Battery: The willful and unlawful use of force or violence upon the person of another, or actual, intentional and unlawful touching or striking of another person against the will of the other, or unlawfully and intentionally causing bodily harm to an individual.

Simple Assault: An intentional, unlawful threat by word or act to do violence to the person of another, coupled with an apparent ability to do so; and committing an act that creates a well-founded fear in another person that violence is imminent

FINDINGS

It is important to understand that what is being reflected in this report are only those incidents that we were made aware of and it does not include those incidents that the victims decided not to report. It is fair to estimate that for every one incident we know of, there may be two that we do not. This is especially true where the victim was not seriously injured and was able to conceal any injury. Additionally, what was reported as mutual combat may have actually been attempted extortion in one form or another. The findings are based on witness and victim statements found in the investigation reports, video recording of the incident, and other evidence collected during the investigation into the incident.

Attachment one to this report contains a summary for each incident that was obtained from the 105 Incident Reports followed by the results of the ICC investigation. It also contains comments about each incident by the assessor (Tim Higgins) and the disciplinary action taken for each incident. The attachment provides the specific information about the incidents referenced below.

The reported incidents of violence were grouped into four categories. These included:

1. Extortion for Rent (15 Reported Incidents)
2. Extortion to Force Inmates to Assault Other Inmates (5 Reported Incidents)
3. Aggravated Battery (18 Reported Incident)
4. Simple Battery (34 Reported Incidents)

Extortion for Rent (15 Reported Incidents)

Weaker inmates (predominately sex offenders) were normally beaten and all consumable commissary was taken. Sometimes this included televisions, radios, and other personal property. Victims were normally told they had to either get moved out of the housing unit or agree to pay a monthly fee. This was typically \$10 per month but sexual acts were reportedly accepted as a substitute. Failure to agree to this usually resulted in multiple beatings until the inmate eventually complied. The assailant, in most cases, was not a gang member but someone being forced to commit the act by the gang. This practice was used predominately by the Aryan gangs. Aryan gang members were typically present during these beatings to ensure they were done as instructed but seldom joined in the beating. Proceeds were turned over to the gang leaders who divided them among members. These incidents included:

- 1 02/04/08, J-Pod Extortion/Simple Battery (Single Assailant for Rent-No Known Gang Ties)
- 2 02/04/08, L-Pod Extortion/Simple Battery (Single Assailant for Rent-No Known Gang Ties)
- 3 02/06/08, A-Pod: Extortion/Simple Assault (Single Assailant for Rent-Aryan)
- 4 02/06/08, A-Pod Extortion/Simple Battery (Single Assailant for Rent-Aryan)
- 5 03/10/08, L-Pod: Extortion/Aggravated Battery (Multiple Assailants for Rent-Aryan)
- 6 03/22/08, J-Pod: Extortion/Simple Battery (Single Assailant for Rent-Surefo)
- 7 04/13/08, J-Pod: Extortion/Aggravated Battery (Multiple Assailants for Rent-Folks & Aryan)
- 8 04/20/08, J-Pod Extortion/Aggravated Battery (Multiple Assailants for Rent-Crips)
- 9 04/22/08, A-Pod Extortion/Aggravated Battery (Multiple Assailants for Rent-Unknown)
- 10 04/23/08, L-Pod: Extortion/Aggravated Battery (Multiple Assailants for Rent-Aryan)
- 11 05/10/08, L-Pod: Extortion/Simple Battery (Single Assailant for Rent-Aryan)
- 12 05/25/08, G-Pod: Extortion/Simple Battery (Single Assailant for Rent-Aryan RWB)
- 13 05/25/08, K-Pod Extortion/Aggravated Battery (Multiple Assailants for Rent-Unknown)
- 14 07/01/08, J-Pod: Extortion/Group Aggravated Battery (Multiple Assailants for Rent-Aryan)
- 15 07/29/08, C-Pod: Extortion/Simple Battery (Single Assailant for Rent-No Known Gang Ties)

Extortion to Force Inmates to Assault Other Inmates (5 Reported Incidents)

An inmate was normally approached by several Aryan gang members and told he would either beat up an inmate that they identified and take all his property or the gang would beat him up and take all of his property.

If he refused, he was immediately attacked and all his consumable commissary taken. If he told staff, the gang would eventually retaliate against the inmate through fellow gang members located in almost every facility. They were sometimes beaten several times until they agreed to follow instructions. This practice appears to have been done exclusively by Aryan Gang members. In some instances this resulted in forced gang recruitment. The inmate initially forced to participate later begins to receive part of the proceeds from others and willingly joins the gang. These incidents included:

1. 03/05/08, Dining Hall: Extortion/Simple Battery (Force to Assault/Single Aryan)
2. 05/09/08, L-Pod: Extortion/Simple Battery (Force to Assault/Single Aryan)
3. 06/01/08, Dining Hall: Extortion/Simple Battery (Force to Assault/Single Aryan)
4. 06/29/08, J-Pod: Extortion/Group Aggravated Battery (Force to Assault/Multiple Aryans)
5. 07/11/08, L-Pod: Extortion/Group Aggravated Battery (Force to Assault/Multiple Aryans)

Aggravated Battery (18 Incidents)

Known gang members nearly always committed the incidents of aggravated battery, especially those by multiple assailants against a lone victim. Causes for these incidents vary on a case-by-case basis. The primary reasons reported included:

- Retaliation for providing information to staff,
- Retaliation for not doing as instructed by the gang,
- Being a Norteño assigned to live in an area dominated by Sureño, and
- Various internal gang discipline issues.

The reported incidents included:

1. 02/10/08, J-Pod: Aggravated Battery (Multiple Assailants-Aryan/PS/Spored)
2. 02/14/08, A-Pod: Aggravated Battery (Multiple Assailants-Sureño/Rival)
3. 03/07/08, A-Pod: Aggravated Battery (Multiple Assailants-Sureño/Rival)
4. 03/09/08, H-Pod: Aggravated Battery (Group Combat-Sureño vs. Norteño/Weapons)
5. 03/11/08, L-Pod: Aggravated Battery (Multiple Assailants-Sureño/Rival/Weapons)
6. 03/30/08, H-Pod: Aggravated Battery (Multiple Assailants-Aryan)
7. 04/08/08, K-Pod: Aggravated Battery (Multiple Assailants-SVC & Aryan)
8. 04/16/08, C-Pod: Aggravated Battery (Group Combat-Sureño vs. Norteño/Weapons)
9. 05/06/08, L-Pod: Aggravated Battery (Multiple Assailants-Aryan)
10. 05/12/08, J-Pod: Aggravated Battery (Multiple Assailants-Aryan & Juggalo)
11. 05/15/08, J-Pod: Aggravated Battery (Multiple Assailants-No Known Gang Ties)
12. 05/18/08, J-Pod: Aggravated Battery (Multiple Assailants-Sureño & Aryan)
13. 05/19/08, K-Pod: Aggravated Battery (Mutual Combat/Weapons-No Known Gang Ties)
14. 06/26/08, J-Pod: Aggravated Battery (Multiple Assailants-Sureño)
15. 07/11/08, L-Pod: Aggravated Battery (Multiple Assailants-Aryan)
16. 07/18/08, J-Pod: Aggravated Battery (Multiple Assailants-Unknown, Suspected Aryan)
17. 07/21/08, L-Pod: Aggravated Battery (Multiple Assailants-Aryan & American Outlaws)
18. 06/03/08, A-pod: Aggravated Battery (Mutual Combat/Weapons-No Known Gang Ties)

Simple Battery (34 Incidents)

While the vast majority of these incidents were simple disagreements between two inmates, some may have been retaliation by a gang member and may have involved an inmate being forced to commit the act of violence by a gang. The reported incidents included:

1. 01/03/08, X-Pod: Simple Battery (Mutual Combat)
2. 01/13/08, I-Pod: Simple Battery (Mutual Combat, Aryan Participant)
3. 01/15/08, Q-Pod: Simple Battery (Mutual Combat)

4. 01/23/08, G-Pod: Simple Battery (Mutual Combat, Sureño Participant)
5. 02/07/08, Medical: Simple Battery (Mutual Combat)
6. 02/08/08, N-Pod: Simple Battery (Mutual Combat, Aryan Participant)
7. 02/11/08, Education: Simple Battery (Sureño Assailant)
8. 02/20/08, J-Pod: Simple Battery
9. 02/21/08, M-Pod: Simple Battery (Mutual Combat)
10. 02/22/08, K-Pod: Simple Battery
11. 03/06/08, West Wing Hallway: Simple Battery
12. 03/21/08, M-Pod: Simple Battery (Mutual Combat, Aryan Participant)
13. 03/22/08, X-Pod: Simple Battery (Mutual Combat)
14. 03/26/08, Dining: Simple Battery (Mutual Combat, Blood vs Aryan)
15. 04/02/08, T-Pod: Simple Battery (Aryan Assailant)
16. 04/02/08, ABC Foyer: Simple Battery (Aryan Assailant)
17. 05/16/08, A-Pod: Simple Battery (Aryan Assailant)
18. 06/19/08, Location Unknown: Simple Battery (Unknown Assailant)
19. 06/09/08, N-Pod: Simple Battery (Mutual Combat)
20. 06/14/08, GHI Hall: Simple Battery (Mutual Combat)
21. 06/15/08, Dining Hall: Simple Battery (Aryan Assailant)
22. 06/28/08, A-Pod: Simple Battery (Mutual Combat)
23. 07/06/08, Dining: Simple Battery (Mutual Combat, Juggalo Participant)
24. 07/09/08, G-Pod: Simple Battery
25. 07/11/08, I-Pod: Simple Battery
26. 07/16/08, A-Pod: Simple Battery
27. 07/17/08, Dining Hall: Simple Battery
28. 07/21/08, X-Pod: Simple Battery (Norteño Assailant)
29. 07/25/08, I-Pod: Simple Battery
30. 07/26/08, Dining: Simple Battery (Mutual Combat)
31. 07/27/08, M-R Foyer: Simple Battery (Mutual Combat)
32. 07/28/08, B-Pod: Simple Battery (Crip Assailant)
33. 07/30/08, M-Pod: Simple Battery (Mutual Combat, Norteño vs Norteño)
34. 08/01/08, L-Pod: Simple Battery (Aryan Victim/Unknown Assailant)

CONTRIBUTING FACTORS

During the course of this review, several factors that may have contributed to the increase in violence were noted.

Criminal Referrals: Major crimes that are being committed at ICC are not being referred to the Ada County Sheriff's Office for investigation and prosecution. Ada County Sheriff's Office confirmed that no crimes that occurred at ICC in 2008 have been referred. Criminal prosecution is a major deterrent against commission of violent crimes and is a common practice in all state operated facilities.

Disciplinary Offense Codes: When disciplinary action was taken against the inmates involved in these incidents of violence, they were found guilty of "Simple Battery," "Intentional Injury," or "Horseplay." No one was found guilty of "Aggravated Assault" or "Aggravated Battery," even though many times weapons were involved, the victim had to be taken to the hospital, and/or the beating was given by multiple assailants and was likely to produce great bodily harm. The issue of extortion was not addressed. This resulted in relatively minor punishment for major offenses.

Classification Exceptions: Inmates were being retained in medium custody that should have been moved to close custody. Reasons for this included

- Incorrect disciplinary offense codes being used resulting in lower points being assessed.
- Numerous incidents in which the disciplinary offense reports were dismissed and never rewritten. In some cases, staff was reportedly told not to resubmit disciplinary offense reports that had been dismissed.

- The practice of only holding the offender, who actually committed the violence, accountable and not everyone involved in the extortion

Poor Quality Video Cameras: The quality of the video recordings of the incidents using the facilities close circuit surveillance system is so poor that identification of a suspect is virtually impossible. Investigators have adopted a practice of trying to follow the route of travel of suspects after an incident until they can determine a cell assignment. This process is hit and miss. High-resolution cameras are relatively inexpensive and have greatly aided state operated facilities where they are installed, in quickly determining exactly who was involved with specific incidents and what took place

Not All Incidents are Fully Investigated: No investigation reports were located for eight incidents of violence in 2008 that were brought to the attention of the investigation staff. Additionally, I was informed that these incidents were not included in the list of significant incidents reported to their corporate office, using their own internal reporting system. All but one of these incidents were reported to the IDOC on 105 Incident Reports. The remaining incident was reported to them via email. In the first two incidents listed below the assailants were identified by informants and several suspects spent 13 days in restrictive housing but no formal investigation report was compiled or disciplinary offense report written. In the other six incidents, the victim was interviewed and no further action was taken. They Included:

1. 02/06/08, A-Pod, Extortion/Simple Battery (Demotte 86673)
2. 02/06/08, A-Pod, Extortion/Simple Battery (Gasper 70721)
3. 02/20/08, J-Pod, Simple Battery (Dye 59305)
4. 02/22/08, K-Pod, Simple Battery (Berry 79626)
5. 03/07/08, A Pod Group Aggravated Battery (Soto 82317)
6. 03/11/08, L-Pod Group Aggravated Battery (Ramirez 87186)
7. 05/06/08, L-Pod Group Aggravated Battery (Young 14130)
8. 06/19/08, Location Unknown, Simple Battery (Nelson 72449)

Protective Custody Investigations: The investigator reportedly does not see Protective Custody Investigations that are normally written by the Unit Managers and submitted directly to the administration. The threats identified and beatings reported by individuals requesting protective custody normally warrant further action being taken against the assailants by the investigation staff. Additionally, these reports contain valuable information about who is behind the acts of misconduct in the facility and could be used to solve other cases.

Investigation Office Staffing: All of the investigative staff operate independently from each other with their own chain of command and areas of responsibility. The ICC Investigator normally handles all investigations and is supervised by the Warden. He does not supervise the Security Threat Group Coordinator who shares the office, but reports to the Associate Warden of Security. The K-9 handler, who also shares the office, is not supervised by either of these staff but reports to the Chief of Security. STG Coordinator only assists with investigations when the investigator is not available. This creates a caseload for the investigator that is almost impossible for him to meet and results in investigations being brief and lacking detail. The office is operated almost entirely in a reactive "Crisis Management" mode.

Investigation Office Organization: The filing system used for investigations is confusing at best and it was very difficult to locate specific investigation case files. Case numbers are not used and investigation files are organized by either the assailant's or the victim last name. Investigations done by the STG coordinator are not placed into an investigation file but are only being retained electronically in his computer, which the primary investigator cannot access. The investigation file system is critical for research and trend analysis, which are the main components of intelligence collection. Additionally, the STG Coordinator said he created a number of gang files that he could not locate when I requested them. It appears that these files are being removed from the office without his knowledge. Staff's access to the investigations office should be tightly controlled.

Lack of Vigilance/Complacency: Gang members have been able to operate openly with little fear of being caught. This was evident by the fact that many of the victims were attacked by large groups of offenders.

almost immediately after being moved onto the unit. After beating the offender, they commonly walked out of the cell carrying the victim's television, radio, shoes and a pillowcase containing all of the individual's commissary. The staff in the housing units reportedly does not observe this happening. In almost every case, the victim or another inmate brings the incident to the attention of staff. Additionally, several of the victims reportedly notified staff they did not feel safe being moved into the JKL area, which is being used to house the more problematic general population inmates. Staff reportedly ignored these warnings.

As an example, Inmate Pitchford 85665 was assigned to A-Pod, which is normally used to house 'weaker' offenders who may need to be 'sheltered' so as not to be victimized. On 7/18/08 he was told he was being moved and reportedly warned staff in the gym three or four times of times that if he was moved to J-Pod he was going to be assaulted. This unit contains a lot of predators who are known to victimize sex offenders and he knew the other inmates were aware of his crime. Staff told him that if anything happened, he would be moved. Once in J-Pod, as he entered the tier, he again told the officer that he did not feel comfortable going on the tier and again was told he would be moved if anything happened. While at his cell door, he had to wait approximately 5 minutes for the officer to open the door. He was secured in his cell with his cellmate for approximately 30 minutes when the cell door was unsecured. 4-5 offenders entered and told his cellmate to leave. They then began to beat him and took all his consumable commissary. The reported actions of the assailants were very bold. Once the cell door was unsecured, it was a very short period of time before the group entered, acted, and exited with no fear or concern with getting caught.

CONCLUSION

I would recommend the following steps be taken to reduce the violence in the facility:

1. All major crimes should be immediately reported to Ada County so that they can be properly investigated and prosecuted. Ada County should be made aware of the crimes of violence that have occurred at ICC so far in 2008, but it is doubtful that evidence has been handled at a level where prosecution is still possible.
2. The facility will need to develop an effective method of behavior modification in order to reduce the incidents of violence. The disciplinary process needs to ensure that inmates are held accountable at the level commensurate with the offense they committed.
3. Investigations need to be more thorough and better documented. The investigator should review all protective custody investigations and will need to develop a better investigation file system.
4. A number of operational changes will be necessary to get staff to pay more attention to what is going on in the unit and to make it more difficult for inmates to commit acts of violence without being immediately detected.

Incidents of Violence
January 2008 – August 2008**

The following are the acts of violence involving inmates housed at the Idaho Correctional Center that were reported to the Idaho Department of Correction that took place between January 1, 2008 and August 5, 2008. Following color code was used.

Summary obtained from the 105 Incident Reports
Results of the ICC Investigation
Comments about the incident by the Assessor (Tim Higgins)
Gang Affiliation, Disciplinary Action Taken, and Time in Restrictive Housing

01/03/08, 1627 hrs, X-Pod

Type: Assault, Offender on offender

Involved: Scott 19845 and Ruiz 86892

Summary: Inmate Scott and Inmate Ruiz engaged in mutual combat in X-pod. Both inmates were taken to medical for evaluation and both were placed in segregation. Only superficial injuries exist on both participants.

ICC Investigation Findings Fight over toilet paper ownership. Both inmates received DORs. (Archibald)

Mutual Combat/ Simple Battery - based on only minor injuries, no weapons were used, and the one-on-one combat reported.

Type: Assault, Offender on offender

Involved: Wolf, Victor #84040

Summary: On Monday, June 30th, 2008 at approximately 1130 hours, Inmate Wolf, Victor #84040 reported to staff that he had been assaulted at approximately 2045 hours on Sunday, June 29th, 2008. Inmate Wolf has injuries consistent with that of an Assault. Inmate Wolf identified inmates Lee, James #68288; Schmidt, Jeremiah #81591; and Rowell, Jerry #73816 as the aggressors in his incident. Inmate Wolf has stated that this incident occurred because he has refused to put in any work for the Security Threat Group known as the (Aryan Knights). However, this has not been confirmed and any new

information gathered through the investigation will be communicated. Inmate Wolf was escorted to Medical for further evaluation;

ICC Investigation Findings Three members of the Aryan Knights (Lee 68288, Schmidt and Powell) told inmate Wolf that if he did not beat up the new sex offenders, steal their commissary and force them to pay rent they were going to beat him up. When he refused, these same three gang members along with Inmate Riggs 78722 and Inmate Baxter 50119 followed through on their threat and beat him up. Type: Assault Offender on offender

Involved: Davis, Jens #37589

Summary: Inmate Davis 37589 (Sex Offender) reported to staff that he had been assaulted. Inmate Davis stated he was approached in his cell by four inmates whom requested to see his paperwork. Upon refusing to show them any paperwork inmate Davis stated that he was struck in the face and body by what he believes to be their closed fists. Inmate Davis has injuries consistent with an assault. Inmate Davis was escorted to Medical for further evaluation. Facility Medical staff determined Inmate Davis needed to be transported off-site to St. Lukes Hospital for sutures and possible broken ribs. All inmates in J-Pod were secured to their cells and the Pod was placed on lock down until further investigation. Administrative Duty Officer Warden Valdez, notified Virtual Prison Warden Randy Blades of the incident. Any new information gathered during the investigation pertaining to this incident will be forwarded. After an assault on J-pod on 7-1-08 the pod was locked down. A search of the unit will be conducted on 7-2-08 at approximately 0830. The search will concentrate on evidence from the assault and stolen property that was taken from the victim.

ICC Investigation Findings: According to inmate Davis, four inmates demanded to see his incarceration paperwork so they could determine if he was a sex offender. When he refused they beat him up. The video showed these were Inmate Trent 61338, Inmate Norris 76838, and Inmate Castle 63417. No fourth inmate was observed. Following the beating these inmates went and sat at a table with other Aryan gang members who included Inmate Brown 66468, Inmate Hoffman 34748, and Inmate Baxter 50119. The three inmates involved in the beating received DORs. (Archibald)

Type: Assault, Offender on staff

Involved: Inmate(s) Pearsall # 38260

Summary: Inmate Pearsall was escorted to medical for a pre-segregation evaluation after a minor altercation with Inmate Vasquez # 84555 in G Pod. While waiting for the medical evaluation inmate Pearsall attempted to run out off the examination room. Officer Owings Grabbed inmate Pearsall and physically held him from departing. Pearsall attempted to swing around towards Officer Owings. Officer Owings resorted to pressure point control tactics to control inmate Pearsall. He applied pressure to the mandibular angle of Inmate Pearsall who immediately complied and was then lowered to the floor into a sitting position by officer Owings. Inmate Pearsall was initially escorted to segregation cell #1 and then subsequently escorted to Medical isolation cell # 2 and placed on constant watch after threatening to injure himself on the order of Clinician Charles Fletcher. During my interview with inmate Pearsall he confided in me that the events of earlier this evening were a result of on-going sexual harassment from several inmates on the tier. A PREA investigation has been initiated into his allegations. Inmate Pearsall was given a medical examination and claims he had a severe headache from being struck in the head by inmate Vasquez. He has self-inflicted minor scrapes and lacerations to both forearms.

ICC Investigation Findings: Inmate Pearsall claimed Inmate Vasquez 84555, Flores-Moreno 76771 and Inmate Rodriguez 69994 watched him showers and made sexual comments like "How much for your butt?" He claimed Inmate Florez grabbed his butt on two occasions. Witnesses saw Inmate Pearsall spit on Inmate Vasquez which resulted in mutual combat. The sexual allegations were determined to be unfounded. (Archibald)
