

BLOCKED PHONE NUMBERS

If you have added numbers to your phone list and cannot call it due to a block you must write your family and give them the number to CTI Conversant Technologies, Inc., in order for your friends/family members to make pre-paid arrangements. They will have to have a minimum of \$50.00 added to a pre-paid account in order for you to make the call. Please do not write to the CTI officer here at the facility to fix the problem, or your case manager, but have your family contact CTI directly at 1-888-524-5235. Once they make arrangements for the pre-paid service your family can contact you case manager, or send a letter to you indicating that the block has been removed and you can now access the numbers.
