

MYTH:

**The TASER doesn't work on
people using drugs.**

FACT:

**The ADVANCED TASER has
been found to be the most
effective non-lethal weapon
against drug users.**

PCP User

MYTH:

The TASER only keeps the target down for a few seconds.

FACT:

**The ADVANCED TASER can
keep someone down for
over half an hour.**

MYTH:

The TASER must hit in exactly the right spot to be effective.

FACT:

**Virtually the entire body is
an effective target for the
ADVANCED TASER.**

Effective Target Zones

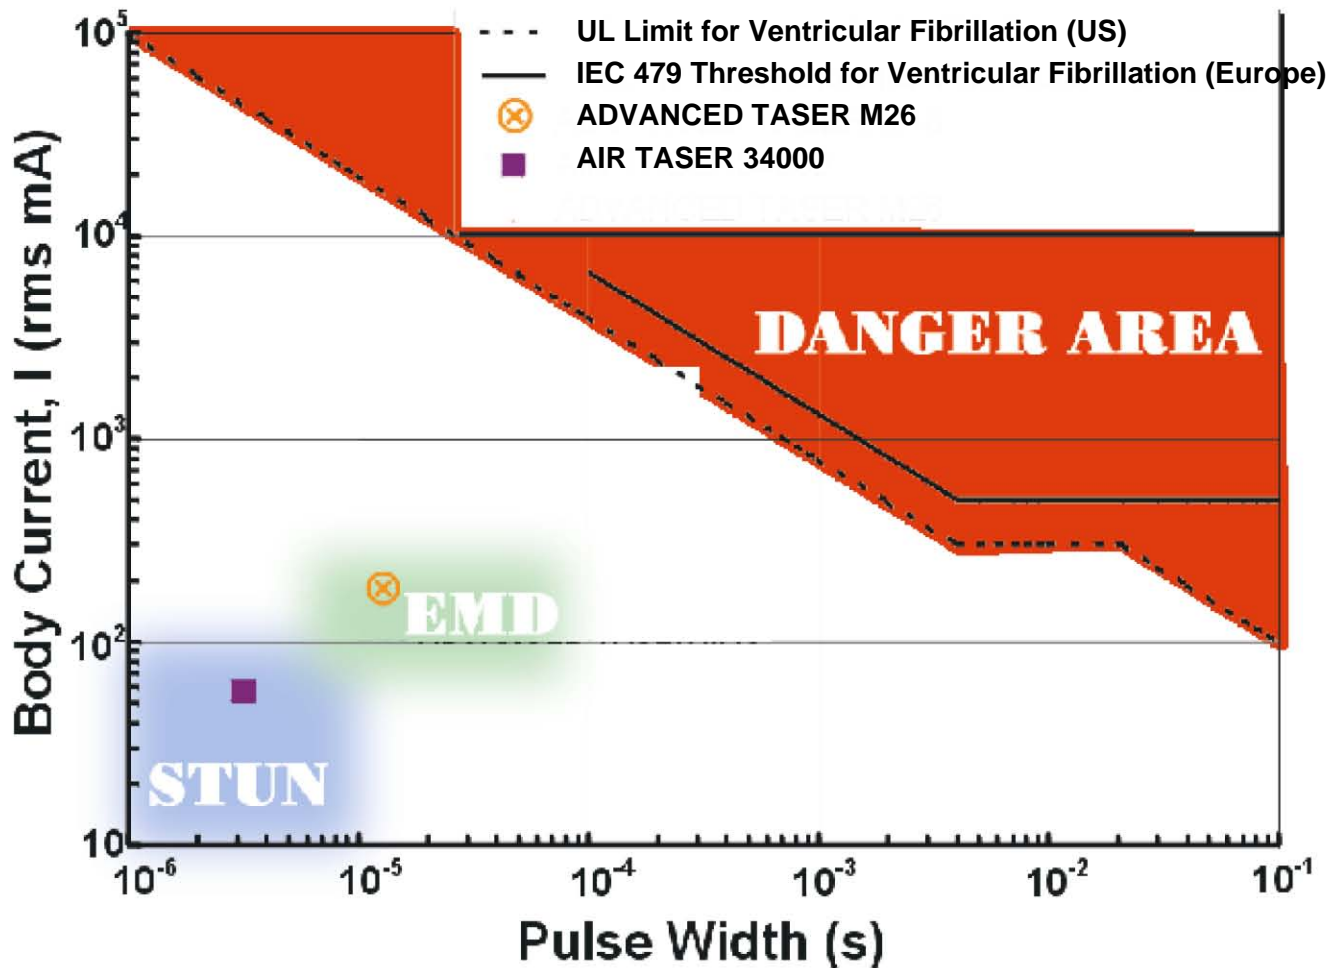

MYTH:

TASERS can cause heart attacks.

FACT:

**The ADVANCED TASER has
been extensively tested and
does not affect the heart
rhythms.**

Electrical Safety

MYTH:

**Some stun guns have
higher voltages than the
ADVANCED TASER.**

FACT:

**The ADVANCED TASER has
the highest true output
voltage of any electronic
weapon.**

MYTH:

**Special Permits are
required to carry TASERS.**

FACT:

**No permit required in 43
states to carry the
ADVANCED TASER or
AIR TASER.**
