

TEXAS DEPARTMENT OF CORRECTIONS
Huntsville, Texas

PERMANENT FILE
RETURN TO
J. D. KYLE

AGENDA FOR REGULAR MEETING
OF THE
TEXAS BOARD OF CORRECTIONS

HOUSTON, TEXAS

302nd Meeting

November 4, 1968

CONSTRUCTION PROGRESS REPORT

November 4, 1968

HUNTSVILLE UNIT

1. The ground floor level of the main kitchen and dining room is complete and in use. The first floor level is nearing completion.
2. The Industrial Department's material storage warehouse is about 95 percent complete.

GOREE UNIT

1. The horse barn complex is complete and in use.

RAMSEY UNIT

1. The 30,000 bushel ear corn storage and grinding building at Unit No. 2 is complete and in use.
2. Work is to start soon on the conversion of a trusty dormitory at Unit No. 1 into two air conditioned living areas for rhino-virology research by the Baylor University, College of Medicine. Materials and equipment for the conversion are being obtained by the university.
3. The 10,000 sq. ft. furniture repair warehouse at Unit No. 1 is complete and in use.
4. Preliminary site preparation work has started at Unit No. 2 for the additions to and the remodeling of the main facility. Many thousand cubic yards of common excavation must be moved before the building construction can be started.

TABLE 1

Summary of Research Programs Conducted By
Baylor University School of Medicine

Study	Number of Inmates	Date
Hong Kong flu program	500 [*]	12-24-68
Flu - influenza vaccine	37	1 -69
Rhinovirus 353 vaccine	130	3-11-69
Adenovirus vaccine	43	7-22-69
Adenovirus vaccine	13	7-24-69
A/Z Hong Kong flu	9	7-26-69
Equine flu study	10	7-26-69
Adenovirus 5 challenge	58	9-27-69
Influenza	111	11-08-69
Blood draw	46	1-27-70
Parainfluenza study	55	5-29-70
Mycoplasma pneumonia vaccine study	46	9-10-70
Rhinovirus type 15 plague pool	55	9-10-70
Parainfluenza	37	3-17-71
Mycoplasma pneumonia hall study	116	5-19-71
Adenovirus vaccine study	15	5-19-71
X-32 vaccine hall study	4	6-13-71
