SUBJECT: CORRECTIONAL OFFICER DAVID SKILLINGS ALLEGEDLY
RAPED OFFENDER [REDACTED]
CASE WCCW 11-099-05

Synopsis:

On November 23, 2005 the Washington Corrections Center for Women (WCCW) Shift Commander notified Chief Investigator Kelly Kelly that Offender [REDACTED] had alleged that she was sexually assaulted on two separate occasions by a male Correctional Officer in her unit. Offender [REDACTED] was reluctant to discuss the allegations any further in fear of reprisal and retaliation by the officer in question as well as other WCCW officers.

Offender [REDACTED]

On November 23, 2006 I interviewed Offender [REDACTED] in the Treatment and Evaluation Center (TEC) conference room. During the interview she stated that on two separate occasions within the last month she was raped by Correctional Officer David Skillings. She alleged the first incident took place near the end of October 2005 in the Close Custody Unit (CCU) conference room.

Offender [REDACTED] said on the day of the first rape she had been out of bounds at the library. As she returned to CCU, she was the last offender coming through the door with a group of offenders when Officer Skillings told her to report to the conference room. Offender [REDACTED] stated that she thought the reason Officer Skillings told her to report to the conference room was because she had been caught out of bounds. When asked, she could not identify who the other offenders were.

0265

Offender [REDACTED] stated that once they entered the conference room Officer Skillings pushed her down into the northeast corner of the room. Although she could not remember the details, she recalled that he pulled down his pants, and while his pants were down he removed her pants. She stated he placed his penis inside of her vagina until he ejaculated. Offender [REDACTED] then stated that Officer Skillings told her to get dressed and he pulled his pants up. She said she could not scream or say anything to him because she was too scared.

Offender [REDACTED] alleges that the second occurrence took place in early November in the storage closet in CCU West Pod dayroom. She said Officer Skillings pulled her in the storage closet and said he was going to teach her a lesson. He then penetrated her anus with his penis and did not use a condom because she felt his skin. She said she did not remember if he had taken her pants off.

She said that the closet had no light and he had her up against something that felt soft. She said immediately afterwards she began to bleed from rectum. She said she cried and told him to stop that she was going to go straight to the top and "tell Belinda Stewart." She then told him she intended to report him for his current and past actions against her, he responded by telling her to keep quiet or he will take away her Early Release Date (ERD) and the other guards were on his side.

Offender [REDACTED] stated that on November 23, 2005 she finally decided to report the incident because she was having lower abdominal pain and was hyperventilating every time she thought about what had happened.

When asked, she said she had problems with Officer Skillings and that he had her put in segregation because he smelled smoked. She said she was not smoking and that her cell smelled like popcorn. She then said that she filed a grievance against Officer Skillings because he assigned her a top bunk. She said that whenever she would ask Officer Skillings for an inmate kite he would not give it to her. She added that he was always very cold to her. Offender [REDACTED] stated that she thought Officer Skillings was a "freak fag."

Offender [REDACTED] said that she felt that other offenders were being sexual assaulted by Officer Skillings. When asked the names of the other offenders she declined to give the names. [REDACTED] stated that she would take a polygraph.

Offender [REDACTED]

On December 9, 2005 I was interviewing Offender [REDACTED] on a different incident which happened in her unit. During the interview Offender [REDACTED] stated that she wanted to speak with me regarding a conversation she had with Offender [REDACTED] about being raped by Officer Skillings.

Offender [REDACTED] said that she had a conversation with Offender [REDACTED] when she had moved over to CCU East pod. She said that they began talking and Offender [REDACTED] told her what had been going on. Offender [REDACTED] had said she was

supposed to leave on the December 5, 2005 and it was now all screwed up. Offender [REDACTED] asked her "How is it all screwed up? Are you okay?"

Offender [REDACTED] said she was okay and then said it was "just a farce," to get moved out of the CCU west pod because she had gotten burned from Offenders Trina Berry, DOC 947140, Tracy Sherman, DOC 976174 and Sheri Riley, DOC 982248. She said that she had been "ripped off" from those offenders.

Offender Monroe said she told her "So you made up the thing about Skillings?" and "You know he is going to get in trouble." Offender [REDACTED] told "Oh well, I am out of here." (See attachment 8)

Correctional Officer David Skillings

On December 20, 2005 I interviewed Correctional Officer David Skillings in the Intelligence and Investigation Unit. He stated that other staff told him that he had allegedly called Offender [REDACTED] into the conference room and raped her. He stated that he does not call offenders into the conference room by himself. That the only time the offenders are in the conference room is when they have to sign for mail. He said one officer will sort the mail and the other officer has the offender sign for their mail.

Officer Skillings stated that he does not remember Offender [REDACTED] being out of bounds and never called her into the conference room. Officer Skillings said that he never raped Offender [REDACTED]. When asked, Officer Skillings denied ever saying that he would take away her ERD.

He then said that he recalled two situations where he had to hold Offender [REDACTED] accountable to the institution rules. He feels these two situations may account for the allegations made by Offender [REDACTED].

The first incident was when he smelled smoked coming from Offender [REDACTED] room. At that time she was housed with Offender [REDACTED] and both Offenders were placed in segregation.

He said when she returned to CCU from segregation she refused her assigned cell and said she had to have a bottom bunk. He informed her she needed to have a Health Service Request (HSR) in order to get a bottom bunk, because they did not have one available and would have to move another offender to accommodate her HSR. He said Officer Valdez was in the booth and could not locate her HSR. He said Offender [REDACTED] could not find her copy. Officer Skillings explained to Offender [REDACTED] that she would have to take her assigned cell. Offender [REDACTED] immediately filed an emergency grievance against him. Officer Skillings followed set procedure and notified the Shift Lieutenant. Offender [REDACTED] then accepted the cell assignment.

Officer Skillings said that he had never had Offender [REDACTED] in the West Pod closet. Officer Skillings said that the closet is used for linen storage. He then described the door, as being controlled by the booth officer and the pod officers does not have keys to access the door.

Actions:

- On November 23, 2005 two Correctional Officers escorted Offender [REDACTED] to Harrison Hospital for a rape evaluation.
- On November 24, 2005 WCCW Officer of the Day (OD) Belinda D. Stewart notified the DOC Headquarters OD Eldon Vail and advised him of the allegation.
- On November 24, 2005 Pierce County Sheriff was notified and Deputy M. Blair interviewed Offender [REDACTED] and case number 05-328-0510 was assigned. (See attachment 3).
- On November 28, 2005 Donald Wilbrecht was notified of at possible PREA investigation. PREA Investigator Steven Baxter responded to the institution and interviewed Offender [REDACTED], at that time the case was referred to Washington Correction Center for Women IIU for investigation because Investigator Baxter could not substantiate the allegations. (See attachment 4)
- On November 28, 2006 GSR Polygraph Examiner William Tuft attempted to administer a polygraph on Offender [REDACTED]. The purpose of the examination was to verify or refute Offender [REDACTED] allegations that Correctional Officer David Skillings had sexual intercourse with her. A polygraph was not administered. Offender [REDACTED] refused the polygraph. (See Attachment 5)
- On December 16, 2005 Pierce County Sheriff's Department Detective Jerry Bates interviewed Offender [REDACTED] and declined to conduct any further investigation because she had consulted with her Husband and their attorney, Todd Gardner. On their advice she was no longer going to cooperate with the investigation, and would pursue civil action after her release from Washington Correction Center for Women on January 5, 2006. Detective Bates declined to interview Officer Skillings unless further information was brought forward. (See Attachment 10)

Conclusion:

No supporting evidence can be located to substantiate Offender [REDACTED] allegations that Correctional Officer David Skillings vaginally raped her.

No supporting evidence can be substantiated that Correctional Officer Skillings anally raped Offender [REDACTED]

After consulting with her attorney Offender [REDACTED] refused to take a polygraph cooperate with the investigation.

At approx 1630 I was doing an area check of the exam rooms and stopped to talk to Sgt McNish. Sgt was talking w/ an offender named [REDACTED] who was visibly shaken, crying. McNish was called out to an emergency in TEC and I stayed to calm the offender. 'M [REDACTED] told me after awhile that she had been abused. She stated that she just wanted to talk to her husband. She was afraid. I talked w/ her for awhile longer and she finally said that it was staff that had hurt her. Then she said it was sexual and that she wasn't the only one that he was hurting. NOTIFIED SGT. McNISH AND RACHEL McDOUGALL.

USE OF FORCE INCIDENT? <input type="checkbox"/> YES <input checked="" type="checkbox"/> NO			

DETAILS: Who was involved, what took place, how did it happen, description of any injuries, damage, use of force, etc. Attach additional sheet, if necessary.

At approximately 1900 I received a call from MHOD Dr. Davis indicating the need for placement of Offender [REDACTED] in SNU due to her level of distress. Dr. Davis stated that Offender [REDACTED] reported allegedly being "assaulted" on her living unit and did not feel safe.

I received a call from Officer Wildes shortly thereafter. She indicated that Offender [REDACTED] stated she was sexually assaulted by an officer on her unit. Officer [REDACTED] asked that I speak to Offender [REDACTED] once she was escorted to SNU.

Upon arrival, Ms. [REDACTED] was escorted to my office by Officer Wildes [Officer Daugherty assisted with the strip search]. Ms. [REDACTED] was informed of the limits of confidentiality prior to beginning our conversation. She was informed that I&I as well as the Shift Lt and Superintendent would be informed of any abuse that was reported.

Ms. [REDACTED] indicated she lived in MSU until the end of September when she was placed in SEG after a room search revealed "rolling papers". Once she was released from SEG she was placed in CCU to wait for a bed in MSU. She stated she arrived in CCU October 5. Offender [REDACTED] stated she was placed in SEG again in November when her roommate was discovered smoking in their room. She was returned to CCU again yesterday, November 22.

Ms. [REDACTED] stated she was allegedly sexually assaulted by a male correctional officer in CCU on two separate occasions. When asked to describe the assault, she stated that she was raped vaginally on the first occasion which she stated took place "on a Wednesday". She stated that after the first alleged assault, she told the officer in question [whom she refused to name stating she was "too scared of retaliation"] to stop and that she was going to grieve the officer and "tell Belinda Stewart". Offender [REDACTED] reported that she was assaulted a second time by the same officer "on a Tuesday I think". She reported that this assault allegedly involved both vaginal and rectal penetration and was "so rough" that she worries she might have sustained some physical damage. When asked if she was experiencing any bleeding, Offender [REDACTED] stated she experienced rectal bleeding following the assault. She denied any vaginal bleeding. Offender [REDACTED] also stated that she has been experiencing intermittent sharp pain in her right side "when I walk" since the alleged second assault.

Offender [REDACTED] also stated that after she confronted the officer in question [after her first alleged assault] she experienced "intimidation" from other officers such as not being let out during door rack. She stated that she had to "bang on my door" and that other offenders "had to yell and ask for me to be let out". She also stated she was refused access to the unit Sgt. by officers whom she did not name.

Following our discussion, I reported Ms. [REDACTED] accusations to Shift Lt Simmons and Sgt McNish. Kelly Kelly was contacted as well as Superintendent Stewart who was the assigned OD. I also asked CO Wildes to complete an incident report. She stated that she would report to Sgt. McNish as well.

Kelly Kelly [I & I] was requested to return to the institution to interview Ms. [REDACTED] and decide upon the next course of action.

Synopsis: Corrections officer versus female inmate.

Narrative: 11/24/05 1459 Hours:

I spoke with Investigator Kelly at the Washington Correctional Center for Women 9601 Bujacich Dr NW reference a sexual assault. Kelly is the Chief Criminal Investigator at the prison and stated a female inmate was taken to Harrison Memorial Hospital on 11/23/05 and treated for possible internal injuries. A corrections officer named David Skillings had been placed on administrative leave because of the rape allegation against him by inmate [REDACTED]. Because of the Thanksgiving holiday, the prison's human resources department was not available to give any further information on the officer.

I spoke with [REDACTED] in an interview room with Investigator Kelly. [REDACTED] signed the attached medical release form and also told Kelly she is willing to take a polygraph test. [REDACTED] told me she had been raped twice by Skillings in the past month. The first incident took place near the end of October 2005. In the evening hours on the October day, [REDACTED] said she was "out of bounds" in her pod and she thought she was in trouble. Skillings told her to go into a conference room just behind the pod's control room. Once there, Skillings forced himself on [REDACTED] and raped her vaginally with his penis. Skillings ejaculated inside [REDACTED] and then told her if she said anything, he could revoke her release date and keep her in prison longer.

The second incident took place two weeks ago in November. In [REDACTED] housing pod, there is a small storage closet under the stairwell, "He pulled me into the closet by the ice machine". I asked her what happened and she said "He raped me again". [REDACTED] said this time the rape was done anally and that she bled afterwards. She threatened to turn him in and he told her to keep quiet and that the other guards are on his side.

[REDACTED] said she finally reported the incidents because of pain in her lower abdomen. She was treated Harrison Memorial and was given prescription pain killers. [REDACTED] was not sure of the extent of the injuries yet the doctor told her she might need surgery in the future.

Nothing further at this time.

arrived in CCU 10-5-05
Went to Seg. 11-15-05
Got out on 11-22-05 - went to Tec 11-23

Right from the beginning Skilling had it in for me. Always making little digs when ever he could. The first time he touched me was in Oct. I had been at the school Bldg. talking to a friend outside the library. It was after dinner sometime. Before the meds came. In fact I believe the meds were late that night. It was me and a couple of other girls that came through the door, they went into their pod and Skilling called me over to talk. I thought I was in trouble for being out of bounds. but when I got in there he started raping me. It didn't long, I think because of med line & Sgt would be back soon. Plus the booth officer ~~was~~ wasn't busy anymore. he told me to keep quiet about it or he would make it deal tough for me, make me stay longer & take away my early release date and the other guards stick together. I was ashamed and scared. I don't know what he's capable of. After that my nightmares increased and became more violent.

I thought I could handle
it OK. But I got worse. One
week before the 15th of Nov,
he attacked me again, he pulled
me in the closet and assaulted
me. He knew I didn't tell anyone
or he would have been fired.
As a result I have pain in my
right groin area. I'm taking
antibiotics as a precaution. I
told him the first time I was
gonna let Belinda Stewart know
if he ever came near me again. To
leave me alone, I watch him now
with some of the other girls and
the way he interacts with them. It
could be possible I'm not the only one.
You ask how could this happen
with cameras and other people. You'd
be surprised that the person in
the booth doesn't pay that much
attention to what's going on and
really how much alone we ~~really~~
are. I believe it was yard cut
time, no it was dinner I stayed
behind to shower & clean my room

gay I still think he is. He
has a control issue. I'm in

Ms. [REDACTED] was stabilized and is ready for transfer to GP pending bed space. She was placed in TEC on Wednesday November 23 due to acute anxiety and panic secondary to an alleged sexual assault [X2] by a custody staff member. This reported incident is currently under investigation. Ms. [REDACTED] has been receiving supportive therapy while in SNU ACUTE along with psychoeducation re: acute PTSD. She has a strong support network [formal and informal] in the community and looks forward to continuing MH services upon her release to the community. Pending her release [which is tentatively slated for January 2006 - address approval is pending], Ms. [REDACTED] requires continued MH intervention to assist her in processing the alleged trauma. I will be placing her on the callout for the SNU Transition Group to assist with her return to CCU. In addition, I would strongly recommend a period of short-term 1:1 work to provide further psychoeducation and process re: her alleged assaults.
